

SA - 50® BRAND

NET WEIGHT 7 LBS.

# 5% TRITHION® GRANULES

## FOR CONTROL OF LAWN CHINCH BUGS

WILL TREAT 2,000 SQ. FT. OF LAWN AREA

**ACTIVE INGREDIENTS:**

**Carbophenothion (O, O-Diethyl S-p-chlorophenyl thiomethyl phosphorodithioate)** .....

5.0%

**INERT INGREDIENTS** .....

95.0%

100.0%

U. S. Pat. No. 2,793,224

® Trithion is a registered trade mark of the Stauffer Chemical Co. for insecticide-acaricide.

### SUGGESTIONS FOR USE

Apply contents of this bag on 2,000 sq. ft. (40'x50') of lawn. Most garden fertilizer spreaders when set on the number used for small grass seed will correctly distribute these Granules.

Apply to entire lawn when chinch bugs first appear. Check treated area in 30 days and repeat application if necessary.

Water treated area thoroughly immediately after application.

# CAUTION

## KEEP OUT OF REACH OF CHILDREN

### HAZARDOUS IF SWALLOWED

Do not breathe dust. Avoid contact with skin, eyes and clothing.

Wear rubber or clean cloth gloves.

Wash thoroughly with soap and water before eating or smoking and after using.

Do not contaminate feed or foodstuffs. Store in a safe place.

Thoroughly wash contaminated clothing with soap and hot water before re-use.

Destroy empty container - incinerate - stay out of smoke - bury ashes.

Water treated area thoroughly after treatment and do not allow persons or pets on treated lawns until grass is completely dry.

**Toxic to fish and wildlife. Do not contaminate any body of water. Birds feeding on treated areas may be harmed.**

**NOTE TO PHYSICIANS:** Trithion, upon repeated, prolonged, or careless use, may cause cholinesterase inhibition. Atropine is antidotal.

Follow directions carefully. Timing and care of application, weather and lawn conditions, and other influencing factors in the use of this product are beyond the control of the seller. Buyer assumes all risks of use, storage, or handling of this material not in strict accordance with the directions given herewith.
