

SA-50 Household Insect Spray is a highly effective formulation which provides rapid kill of the crawling insects listed. In addition to rapid kill, Household Insect Spray provides good residual killing action. Household Insect Spray is ready to use and should not be further diluted. Apply as a coarse spray to infested surfaces, with either power operated or hand sprayer. Move spray stream rapidly enough to prevent excessive wetting of surfaces. Direct spray away from people, pets and plants.

NOTE: Do not apply to rugs, carpets, draperies, wallpaper or similar materials that may be stained. Avoid excessive wetting of plastic, rubber and asphalt surfaces such as tiles and floor coverings. Do not allow Insect Spray to remain in contact with plastic sprayers for extended periods or sprayer may be damaged. If applicator is used in this container, remove after use, expell remaining spray and replace original lid. Mark applicator for pesticide use and store in safe place, out of reach of children.

Do not reuse container for any purpose. Destroy empty container.

Buyer assumes all risks of use, storage or handling of this material not in strict accordance with directions given herewith.

	100.00%

* U.S. PATENT NO. 3,111,539
BAYGON — REGISTERED TRADEMARK BY FARBENFABRIKEN BAYER A. G., CHEMAGRO CORP. LICENSEE.

KEEP OUT OF REACH OF CHILDREN

CAUTION: May be harmful if swallowed, inhaled or absorbed through the skin. Avoid breathing of spray mist and provide adequate ventilation of area being treated. Avoid contact with skin, eyes or clothing. Wash thoroughly after using. Do not apply to humans, pets or contaminate feed, foodstuffs, dishes or utensils.

Should illness occur, get prompt medical aid.

To Physician — Atropine sulfote is antidotal.

FLAMMABLE — Do not spray into or near open flame. Do not smoke while using. Keep container away from stoves, radiators and other hot surfaces.

INDOOR USE:

ANTS, ROACHES, SPIDERS, CRICKETS, SILVER-FISH, SCORPIONS AND WATERBUGS: Spray into cracks, crevices, around baseboards, and other places where insects hide. Apply behind and beneath cabinets, refrgerators, sinks, stoves, and in and around waste containers. For ants, spray trails and places where ants enter premises. Repeat as needed. Do not spray foodstuffs or house plants. Remove pets and cover fish bowls before spraying. Do not allow children to contact treated areas until surfaces are dry.

OUTDOOR USE:

ANTS, CLOVER MITES, CRICKETS, EARWIGS, FLEAS, FLIES, MILLIPEDES, MOSQUITOES, SOW-BUGS AND BROWN DOG TICKS: Spray infested areas thoroughly including outside surfaces of screens, doors, window frames, foundations, patios and other places where insects may enter. For ants, spray hills and runways. Repeat as necessary. Do not spray vegetation.
