U.S. Patent No. 2,903,478

For use on ornamental turfs only. Do not graze or feed hay from treated areas.

Treat when examination shows presence of insects, or as soon as damage occurs. Apply the contents of this bag on 2,000 sq. ft. (40' x 50') of lawn. Most spreaders will apply the correct amount at the setting for small grass seed, or when using a Cyclone[®] spreader use the No. 3 setting. Apply to obtain complete, even coverage. Water turf thoroughly after applying. Examine turf frequently for signs of infestation and re-treat when necessary.

KEEP OUT OF REACH OF CHILDREN

CAUTION: Harmful if swallowed or inhaled. Avoid contact with eyes, skin and clothing. May irritate eyes, nose, throat and skin. Wash thoroughly after handling. Wear clean clothing daily. Store in a safe place. Do not contaminate food or feedstuffs.

Burn empty container. Do not reuse. Stay out of smoke and fumes.

Birds feeding over treated areas may be harmed. This product is toxic to fish and wildlife. Do not contaminate any body of water. Do not apply where runoff is likely to occur. Do not contaminate water by cleaning of equipment, or disposal of wastes. This product is highly toxic to bees exposed to direct or as residues. Protective information may be obtained from your Cooperative Agricultural Extension Service.

Follow instructions carefully. Timing and care of application, weather and lawn conditions, and other factors influencing the results obtained by the use of this product are beyond the control of the seller. Buyer assumes all risks of use, storage, or handling of this material not in strict accordance with the directions and precautions given herewith.
