

### USE DIRECTIONS

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

### PEST INDOORS

**General Information:** Use this product to control the pests indicated in the areas listed below by application of the product as an undiluted spray (0.5% Chlorpyrifos). Repeat the treatment as needed.

Do not apply sprays of this product in conduits, motor housings, junction and switch boxes or other electrical equipment because of possible shock hazard. Do not use in poultry houses or other animal buildings. Do not allow spray to contact food, feedstuffs, and water supplies. Thoroughly wash dishes and food handling utensils with soap and water if they become contaminated by application of this product. Do not allow children or pets to contact treated surfaces until spray has dried. Remove pets and cover fish bowls (tanks) before spraying.

**Application Within Residential Buildings Including Homes and Apartment Buildings and Within Nonfood Areas of Industrial, Institutional, and Commercial Buildings Including Hospitals, Stores, Manufacturing Plants and Warehouses: For Spot Treatment Only -** Apply as a coarse spray or with a paint brush to localized areas where cockroaches (including strains resistant to other insecticides), ants, clover mites, crickets, firebrats, silverfish, and spiders are found or normally occur including dark corners of rooms and closets, cracks and crevices in walls, along and behind baseboards, beneath and behind sinks, stoves, refrigerators and cabinets, around plumbing and other utility installations. For ants apply to ant trails, also around doors and windows and wherever else these pests may find entrance. **Note:** A period of 4 to 7 days is normally required for maximum effect on cockroaches.

For control of carpet beetles, thoroughly apply as a spray for spot treatment along baseboards and edges of carpeting, under carpeting, rugs and furniture, in closets and on shelving, and where other pest insects are seen or suspected.

### CAUTION:

**Precautionary Statements**  
**Hazards to Humans**  
Avoid contact with eyes, skin, and clothing. Avoid breathing vapors or spray mist. May be harmful if swallowed. Keep away from food, feedstuffs, and drinking water supplies. Wash thoroughly after handling.

**Statement of Practical Treatment:**  
If swallowed: Call a physician or Poison Control Center. Drink 1 or 2 glasses of water and induce vomiting by taking up to 5 tablespoons of 3% hydrogen peroxide solution or give anything by mouth to an unconscious person. If on Skin: If skin contact remove contaminated clothing and immediately wash skin with plenty of soap and water. If in Eyes: Flush eyes with plenty of water.  
**NOTE TO PHYSICIANS:** Chlorpyrifos is a cholinesterase inhibitor. Treat symptomatically. Atropine is the antidote for acute poisoning.

**Environmental Hazards:**  
This product may be highly toxic to fish. Do not apply directly to water. Do not contaminate water by cleaning of equipment or disposal of waste. Apply this product only as specified on the label. Do not apply to plants or lawns. Do not use for treatment of residue on plants. For more information, consult the Agricultural Chemicals Division, Southern Agricultural Insecticides, Inc., Raleigh, NC.

**Physical or Chemical Hazards:**  
Boiling Point: 200°C (392°F) (at 10 mm Hg) Flash Point: 100°C (212°F) (at 10 mm Hg) Freezing Point: -32 Degrees F

**Directions For Use (Continued from opposite panel)**

For control of fleas and brown dog ticks, thoroughly apply as a spray for spot treatment to infested areas such as pet beds and resting quarters, nearby cracks and crevices; along and behind baseboards, window and door frames and localized areas of floor and floor covering where these pests may be present. Old bedding of pets should be removed and replaced with clean, fresh bedding after treatment of pet area. **DO NOT TREAT PETS WITH THIS PRODUCT.** To control the source of flea infestation, pets inhabiting the treated premises should be treated with a product registered for application to animals.

**PESTS OUT-OF-DOORS**

**Flies, mosquitoes:** For outdoor use only as an aid in reducing annoyance from these insects. Spray outside surfaces of screens, doors, window frames or wherever these insects may enter the room. Also treat surfaces around light fixtures on porches, in garages, and other places where these insects alight or congregate. Repeat as necessary.  
**Ants, brown dog ticks, crickets, fleas and earwigs:** For treatment of localized infestation of these insects in outdoor areas where there are weeds or brushy non-crop areas, spray infested areas thoroughly. For ants, thoroughly wet hills and runways. Repeat applications as infestations warrant and as reinfestation occur.

**STORAGE AND DISPOSAL**

Do not contaminate water, food or feed by storage or disposal. Do not reuse empty container. Wrap container and put in trash collection.

Notice: Seller warrants that the product conforms to its chemical description and is reasonably fit for the purposes stated on the label when used in accordance with directions under normal conditions of use, but neither this warranty nor any other warranty of MERCHANTABILITY or FITNESS FOR A PARTICULAR PURPOSE, express or implied, extends to the use of the product contrary to label instruction, or under abnormal conditions, or under conditions not reasonably foreseeable to seller, and buyer assumes the risk of any such uses.

**PRECAUCION AL USUARIO:** Si usted no lee inglés, no use este producto hasta que la etiqueta le haya sido explicada ampliamente.  
**TRANSACTION TO THE USER:** if you cannot read English, do not use this product until the label has been fully explained to you.
