

SAF-T-JOHN BRAND

Disinfects and deodorizes as it cleans encrusted porcelain bowls and urinals.

DIRECTIONS

TO CLEAN AND DISINFECT TOILET BOWLS:

Remove water from bowl by forcing it over the trap with swab mop. Squeeze water from swab. Hold bottle over bowl and saturate swab with bowl cleaner. Wipe seat and top fixtures first with swab, then swab bowl thoroughly, taking care to clean water outlets under the ring. Flush toilet, rinsing swab at the same time. Rinse off seat and cover with fresh water and wipe dry with towel.

TO CLEAN AND DISINFECT URINALS:

Hold bottle over urinal and saturate swab mop with bowl cleaner. Wipe down surfaces of the urinal including water outlets at top and all grooves. Remove screen and pour three (3) to five (5) ounces of cleaner in and around drain pipe. Let it stand three (3) to four (4) minutes and swab drain well. Replace screen and flush.

TO CLEAN AND DISINFECT SOLID PORCELAIN FIXTURES:

Wipe the area with a cloth or sponge saturated with SAF-T-JOHN laying down a wet film. Let the cleaner/disinfectant remain for about four (4) minutes and rinse the area with potable water.

Rinse empty container thoroughly with water before discarding.

CAUTION:

Do not use or allow to splash porcelain or chrome coated fixtures. This cleaner is inhibited against harming pipes and plumbing. Yet it will remove scum, rust and encrustations. Safe for systems with septic tanks.

POISON-DANGER

KEEP OUT OF REACH OF CHILDREN

DANGER-CORROSIVE: KEEP OUT OF REACH OF CHILDREN. MAY BE FATAL IF SWALLOWED. DO NOT BREATHE VAPOR OR FUMES. MAY PRODUCE CHEMICAL BURNS. DO NOT GET IN EYES OR ON SKIN OR CLOTHING.

ANTIDOTE INTERNAL: To prevent irritation, drink teaspoon or more of magnesia, chalk whiting, wall plaster, or small pieces of soap softened with water in milk or raw egg whites. Induce vomiting. Call a physician immediately.

EXTERNAL: In case of contact, wipe off gently, and wash with soap and water. Cover the irritated area with moist baking soda or magnesia. Do not breathe vapor or fumes. Do not get in eyes, on clothing or on skin. **Eyes** - If splashed in the eyes, wash with water for fifteen minutes. Get prompt medical attention.

SAF-T-JOHN BRAND

U.S.D.A. REG. NO. 830-30

Disinfects - Deodorizes As It Cleans - Bowl Cleaner

Contains: Hydrochloric Acid

POISON-DANGER

KEEP OUT OF REACH OF CHILDREN

See antidote statement and other required warning statements on the back panel.

ACTIVE INGREDIENTS:	30.15%
Hydrogen Chloride	20.00%
Phosphoric Acid	7.30%
Oxalic Acid	1.15%
N-Alkyl (C-12 - 40%, C-14 - 50%, C-16 - 10%) dimethyl benzyl Ammonium Chloride ..	0.93%
Zinc Chloride	0.77%

INACTIVE INGREDIENTS:

Water, Co polymer Latex, Octyl phenoxy polyethoxy ethanol	69.85%
