DIRECTIONS

8 Ounce Shampoo Size

FLEE-FLEA

A High Grade Medicated Liquid Soap for Veterinarians Use Only

Active Ingredients:

Anhydrous Soap	35.60%
Acetone	4.00%
Inert Ingredients	60.40%
Total	100.00%

Useful in controlling Fleas on Pets by shampooing, Cleanses and Deodorizes.

Place the dog in warm water, shaking on enough FLEE-FLEA to form a good soapy lather. Scrub briskly for a few minutes and rinse. While animal is still damp again apply enough FLEE-FLEA to form a lather and rub in well over the entire surface. Do not rinse. Remove excess lather with towel.

Sold to Graduate Veterinarians only

CAUTION: Keep out of the reach of children.
