DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

For sanitizing tanks, pipe lines, processing equipment in Dairy, Beverage, Meat, and Poultry, Processing Plants.

1. Clean equipment immediately after use.
2. Preflush or prescrape and when necessary presoak with clean tepid water to remove gross food particles and soil.
3. Wash thoroughly with recommended AFCCO product.
4. Rinse with clean tepid water.
5. Sanitize - with solution of AFCCO 4334 (1 oz. Per 4 gals. Water) by circulation or immersion. Wet all surfaces thoroughly. Let solution remain in contact from 2-5 minutes, and let drain completely and air dry. Do not rinse equipment with water after treatment. Fresh sanitizing solution should be prepared daily or more often if the solution becomes diluted or soiled.

Follow procedures recommended by local health authorities.

STORAGE AND DISPOSAL

STORAGE: Keep container closed when not in use.

DISPOSAL: Do not contaminate water, food or feed by storage or disposal, or cleaning of equipment. In case of spill, flood area with large quantity of water washing to sewer or collection vessel. Wastes resulting from use of this product may be disposed of on site or at an approved waste facility. Do not reuse empty container. Triple rinse, puncture, and dispose of container in a sanitary landfill.

Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.
