

**KEEP OUT OF REACH OF CHILDREN
PRECAUTIONARY STATEMENT**

Hazards to Humans and Domestic Animals: Harmful if swallowed or absorbed through skin. Avoid breathing vapors. Avoid contact with eyes, skin or clothing. In case of contact, immediately flush eyes and skin with plenty of water. Get medical attention if irritation persists.

Do not apply directly to food -- follow directions in direction panel for protecting food, utensils and food processing surfaces. Do not apply while food processing is underway. Clean thoroughly all food processing or storage surfaces before re-use.

Remove pets, birds, and cover fish aquariums before spraying

**PHYSICAL or CHEMICAL HAZARD
CAUTION
COMBUSTIBLE MIXTURE**

N. Y. C. FIRE DEPT. PERMIT No. X 148463
DO NOT USE, POUR, SPILL OR STORE NEAR
HEAT OR OPEN FLAME.

For use in homes, industrial plants, food processing plants, hospitals, schools, warehouses, office buildings, theatres, garages, hotels, motels and kennels.

NOTE: When used in hospitals or kennels, patients or animals should be removed prior to treatment. Ventilate for two hours after treatment. Do not return patients or animals to area being treated until after ventilation.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with this labeling.

STORAGE and DISPOSAL

STORAGE: Do not store near heat or open flame.

CONTAINER DISPOSAL: Do not reuse empty container. Wrap container and put in trash collection. (a) Containers of 30 gallons or more - reseal container and offer for reconditioning; or: (b) all containers -- triple rinse (or equivalent) and offer for recycling, reconditioning or disposal in approved landfill, or bury in a safe place.

ACCEPTED

MAR 12 1981

Under the Federal Insecticide,
Fungicide, and Rodenticide Act,
as amended, (or the pesticide
registered under
EPA Reg. No. 861-107

INSECT SPRAY

MIXTURE

No. X168662

HEAT OR OPEN FLAME

PESTICIDE DISPOSAL: Pesticide or rinsate that cannot be used or chemically processed should be disposed of in a landfill approved for pesticides or buried in a safe place away from water supplies. Do not contaminate water, food, or feed, by storage or disposal. Open dumping is prohibited.

GENERAL: Consult Federal, State, or Local authorities for approved alternate procedures.

SPACE SPRAY

To Kill House Flies, Mosquitoes, Small Flying Moths and Gnats.

ok Foods should be removed or covered during treatment. All food processing surfaces should be covered during treatment or thoroughly cleaned before using. When using in food handling areas of food processing plants, apply this product only when the facility is not in operation. Close room and shut off all air conditioning or ventilating equipment. Apply with mechanical or compressed air sprayer, or with fogger which gives small particle size. Direct spray upwards toward upper corners of room and ceiling. Apply at the rate of 0.5 to 1.0 fluid ounce per 1000 cubic feet of space to be treated. Leave room closed for one-half hour. Ventilate room thoroughly before re-entry. Repeat as necessary for insect control.

CONTACT or SURFACE SPRAY

To Kill Cockroaches, Waterbugs, Crickets and Ants.

Ph: Ph: Observe the same precautions for food areas as stated under 'Space Spray.' Apply with a sprayer that gives large wetting droplets. Force spray into cracks and crevices in walls and floors, areas at base of machinery, behind cabinets, around pipes and openings, along baseboards and other insect harborages. Use one gallon of spray per 1000 square feet of surface to be treated. For ants, spray trails and all points of entry into the building. Spray ant nests directly with a soaking application. In all cases contact as many insects as possible directly with the spray. Repeat applications as necessary for control.
