

WINTERGREEN MINT-ODOR GERMICIDE

ACTIVE INGREDIENTS: Isopropanol 15.69%, Soap 12.08%, Essential Oils 3.45%, Potassium O-benzyl-p-chlorophenate 3.41%
INERT INGREDIENTS: 65.37%

EPA REGISTRATION No. 861-72

DIRECTIONS

DO NOT USE, POUR, SPILL OR STORE NEAR HEAT OF OPEN FLAME.

GENERAL CLEANING AND DISINFECTING: Dilute one part of germicide with 100 parts of luke warm water (½ pint of germicide in 25 quarts of water). Pour water onto germicide for quicker emulsification. Thoroughly wet all surfaces that are to be disinfected with the above recommended use-dilution. Use this solution for scrubbing, mopping or wiping floors, woodwork, sinks, walls, basements, telephone booths and washroom surfaces. It aids in removing grease, dirt and odors in public places, schools, hotels, theatres, homes, offices and industrial buildings.

FOR CLEANING AND DEODORIZING TOILETS AND URINALS: Use a solution of ½ pint of germicide to 25 quarts water, (1:100 use-dilution), then wet surfaces thoroughly and use above solution for wiping, mopping or scrubbing surfaces of vessels, toilet seats and floors. When finished pour solution down drains to aid in deodorizing.

SPRAYING: Use a solution of ½ pint of germicide in 25 quarts of water (1:100 use-dilution), for spraying in public places to deodorize and to obtain a pleasing aroma of mint.

Rinse empty container thoroughly with water and discard it

AVOID CONTAMINATION OF FOOD. AVOID CONTACT WITH SKIN AND EYES. IN CASE OF EYE CONTACT, FLUSH WITH PLENTY OF WATER. IF IRRITATION PERSISTS, GET MEDICAL ATTENTION.

HARMFUL IF SWALLOWED
CAUTION: — KEEP OUT OF REACH OF CHILDREN

DIRECTIONS

DO NOT USE, POUR, SPILL OR STORE NEAR HEAT OR OPEN FLAME.

GENERAL CLEANING AND DISINFECTING: Dilute one part of germicide with 100 parts of luke warm water ($\frac{1}{2}$ pint of germicide in 25 quarts of water). Pour water onto germicide for quicker emulsification. Thoroughly wet all surfaces that are to be disinfected with the above recommended use-dilution. Use this solution for scrubbing, mopping or wiping floors, woodwork, sinks, walls, basements, telephone booths and washroom surfaces. It aids in removing grease, dirt and odors in public places, schools, hotels, theatres, homes, offices and industrial buildings.

FOR CLEANING AND DEODORIZING TOILETS AND URINALS: Use a solution of $\frac{1}{2}$ pint germicide to 25 quarts water, (1:100 use-dilution), then wet surfaces thoroughly and use above solution for wiping, mopping or scrubbing surfaces of vessels, toilet seats and floors. When finished pour solution down drains to aid in deodorizing.

SPRAYING: Use a solution of $\frac{1}{2}$ pint of germicide in 25 quarts of water (1:100 use-dilution), for spraying in public places to deodorize and to gain a pleasing aroma of mint.

Rinse empty container thoroughly with water and discard.

DESCRIPTION

IT'S DELIGHTFUL! WE MEAN IT! WINTERGREEN MINT-ODOR GERMICIDE has no unpleasant pungent odor which may be objectionable. WINTERGREEN MINT-ODOR GERMICIDE is a powerful disinfectant, cleaner and/or deodorizer rolled into one.

It's really a pleasure to clean when you add WINTERGREEN MINT-ODOR GERMICIDE to the cleaning solution. Completely deodorizes the areas cleaned and keeps them fresh and odor free -- because WINTERGREEN MINT-ODOR GERMICIDE destroys most germs that usually cause obnoxious odors.

WINTERGREEN MINT-ODOR GERMICIDE offers one of the most pleasing and efficient methods of deodorizing. Its refreshing fragrance of mint absorbs and hides most objectionable odors and its powerful germicidal action destroys the putrefaction bacteria usually causing foul odors.
