

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
CAUTION**

Hurtful to eyes, nose, throat and skin. Wash with soap and water after using. Do not contact bare skin. Avoid contact with eyes. Do not spray to contact food, feedstuffs, or other surfaces. Do not spray on contact surfaces with soap and water. Do not spray on contact surfaces until this product has dried. Remove pets from contact surfaces until spray has dried. Remove pets from contact surfaces until spray has dried. Do not use this product in edible crops, in food processing plants, in food areas, or other areas where food is commercially processed or prepared. Do not use in serving areas while food is exposed.

STATEMENT OF PRACTICAL TREATMENT

If swallowed: Get medical assistance.
If in eyes: Flush with plenty of water. Get medical attention.
If on skin: Remove contaminated clothing. Wash with plenty of water.

NOTE TO PHYSICIAN: Contains 1,3-bis(4-chlorophenyl)isourea, an inhibitor of cholinesterase.

ENVIRONMENTAL HAZARDS

This product is toxic to fish, birds and other wildlife. Do not contaminate water by cleaning of equipment or disposal. Apply this product only as specified on label.

DIRECTIONS FOR USE

For use on contact surfaces. Apply as directed on label.

STORAGE AND DISPOSAL

Store in original container. Do not use if container is damaged.

PESTICIDE DISPOSAL

Residuals may be disposed of as directed on label.

CONTAINER DISPOSAL

Do not reuse container. Recycle as directed on label.

GENERAL INFORMATION

PEST-RID
TRANSPARENT EMULSION
INSECT SPRAY No. 5

CONTAINS DURSBAN.

**A COMBINATION OF INSECTICIDES OFFERING GOOD
FLUSHING ACTIVITY, QUICK KNOCKDOWN AND RESIDUAL
KILL OF COCKROACHES FOR UP TO FOUR WEEKS**

FOR RESIDUAL AND CONTACT CONTROL OF COCKROACHES, SILVERFISH,
CRICKETS, CLOVER MITES, CENTIPEDES, MILLIPEDES, FIREBRATS,
EARWIGS, SAWBUGS, SPIDERS, BROWN DOG TICKS, LONE STAR TICKS,
ANTS, CARPET BEETLES, FLEAS

ACTIVE INGREDIENTS

Resmethrin (5-phenyl-methyl-3-furyl-methyl-2-pyridyl-methyl)	0.05% w/w
Chlorpyrifos (3,4-dichlorophenyl dimethyl phosphorothioate)	0.05
Permethrin (3-phenoxyphenyl propyl ether)	29.45
INERT INGREDIENT	60.00

Net wt. 16 oz. (1 lb. 0 oz.)
Gross wt. 17.5 oz. (1 lb. 1.5 oz.)

KEEP OUT OF THE REACH OF CHILDREN

CAUTION. KEEP OUT OF THE REACH OF CHILDREN

**DO NOT BE USED IN NON-FOOD AREAS OF FOOD
HANDLING ESTABLISHMENTS**

SHAKE WELL BEFORE USING
TREAT AS DANGEROUS

DIRECTIONS FOR USE (Continued)

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

FOR USE IN NON FOOD AREAS INDOORS AND OUTSIDE PREMISES OF HOTELS, MOTELS, HOMES, PRESCHOOLS, APARTMENT BUILDINGS, COMMERCIAL, OFFICE, INSTITUTIONAL AND STORAGE BUILDINGS, RECREATIONAL BUILDINGS, BOATS, SHIP CABINS AND HOSPITALS. IN HOSPITALS, REMOVE PATIENTS PRIOR TO TREATMENT. VENTILATE ROOM FOR TWO HOURS BEFORE RETURNING PATIENTS.

THIS PRODUCT CAN BE USED IN NON FOOD AREAS ONLY SUCH AS CORRIDORS, OFFICES, FOYERS, LAVATORIES, GARAGES, UTILITY ROOMS, STORAGE ROOMS AND BASEMENTS, OF PACKAGING AND PROCESSING PLANTS, MILK HANDLING AREAS OF MILK PLANTS, MILK STORAGE ROOMS, EGG PROCESSING PLANTS, SUPERMARKETS, RESTAURANTS, BOTTLING PLANTS, CANNERIES FLOUR AND FEED MILLS AND BAKERIES.

ALSO FOR USE IN AND AROUND CAMPERS, MOBILE HOMES, BUSES AND AUTOMOBILES. THIS PRODUCT CAN BE USED IN CARGO PLANES, TRUCKS, BOXCARS AND SHIP CARGO HOLDS ONLY IF THE VEHICLES ARE NOT USED FOR TRANSPORT OF FOOD OR FOOD PRODUCTS AT ANY TIME.

ALSO FOR USE IN DOG KENNELS AND HORSE STABLES. DO NOT SPRAY ON HORSES AND DOGS. DO NOT SPRAY ON DOG AND HORSE FOOD OR FEED ITEMS.

NOTE TO PEST CONTROL OPERATOR: Do not use this product to treat 1500 sq. ft. or more of area.

For contact information, see the label on the product container.

CONTACT SPRAY KILLS AND REDUCES INFESTATIONS OF COCKROACHES, CRICKETS, SILVERFISH, CARPET BEETLES, CLOVER MITE, CENTIPEDES, MILLIPEDES, FIREBRATS, EARWIGS, SOWBUGS, ANTS, SPIDERS, FLEAS. Use as a spot treatment for the control of these pests in all infestations. Apply as a preventive spray to areas where infestations such as ants, fleas, and cockroaches are known to occur. Use refrigerator, freezer, and other food storage areas. Do not use on food.

FLEAS, BROWN LICHENS, ONE STAR TICKS. Use as a spot treatment for the control of these pests in all infestations. Apply as a preventive spray to areas where infestations such as fleas, ticks, and lice are known to occur. Use refrigerator, freezer, and other food storage areas. Do not use on food.

DIRECTIONS FOR USE (Continued)

ANTS: This product spray the nests and points of entry within buildings and homes. Spray directly on ants where possible. Repeat as necessary.

CARPET BEETLES: This product spray as a spot treatment along baseboards and edges of carpeting, under carpeting, rugs and furniture, in closets and on shelving and wherever else these insects are seen or suspected.

ATTENTION (PESTS INDOORS): Do not apply this water-based product in conduits, motor housings, junction and switch boxes or other electrical equipment because of possible shock hazard. If there is need to treat such areas use only oil base sprays. Prior to application, de-energize electrical equipment. After application, allow time for oil to evaporate before starting motors or placing switches in the "ON" position.

RESIDUAL SPRAY: Acts in the control of COCKROACHES, CRICKETS, SILVERFISH, CENTIPEDES, MILLIPEDES, EARWIGS, SOWBUGS. Kills up to 4 weeks. Apply in baseboards, cracks and crevices, around door and window frames and other hiding places such as closets, in back of and under appliances, sinks and cupboards in kitchens and bathrooms. In basements, apply in hiding places, cracks and crevices, lower walls and dark places. Apply as a spot treatment along a floor board in areas that are thoroughly wet but not to the surface of the floor. Repeat this spray as necessary.

PESTS OUT OF DOOR

GENERAL INFORMATION: Use for the control of certain pests on the outside surfaces of buildings. Consult the following directions for dosage and application for control of the pests listed.

APPLICATION TO THE SURFACES OF BUILDING: Use a garden hose, water sprayer, or other device to spray the surfaces of buildings. Do not spray directly on people, animals, plants, or other living organisms. Do not spray on electrical equipment, signs, or other objects. Do not spray on surfaces that are wet or greasy. Do not spray on surfaces that are highly reflective. Do not spray on surfaces that are highly porous. Do not spray on surfaces that are highly textured. Do not spray on surfaces that are highly irregular. Do not spray on surfaces that are highly uneven. Do not spray on surfaces that are highly variable. Do not spray on surfaces that are highly complex. Do not spray on surfaces that are highly diverse. Do not spray on surfaces that are highly heterogeneous. Do not spray on surfaces that are highly inhomogeneous. Do not spray on surfaces that are highly anisotropic. Do not spray on surfaces that are highly isotropic. Do not spray on surfaces that are highly homogeneous. Do not spray on surfaces that are highly uniform. Do not spray on surfaces that are highly consistent. Do not spray on surfaces that are highly stable. Do not spray on surfaces that are highly dynamic. Do not spray on surfaces that are highly static. Do not spray on surfaces that are highly active. Do not spray on surfaces that are highly passive. Do not spray on surfaces that are highly reactive. Do not spray on surfaces that are highly inert. Do not spray on surfaces that are highly sensitive. Do not spray on surfaces that are highly insensitive. Do not spray on surfaces that are highly responsive. Do not spray on surfaces that are highly unresponsive. Do not spray on surfaces that are highly interactive. Do not spray on surfaces that are highly non-interactive. Do not spray on surfaces that are highly cooperative. Do not spray on surfaces that are highly non-cooperative. Do not spray on surfaces that are highly collaborative. Do not spray on surfaces that are highly non-collaborative. Do not spray on surfaces that are highly communicative. Do not spray on surfaces that are highly non-communicative. Do not spray on surfaces that are highly interactive. Do not spray on surfaces that are highly non-interactive. Do not spray on surfaces that are highly cooperative. Do not spray on surfaces that are highly non-cooperative. Do not spray on surfaces that are highly collaborative. Do not spray on surfaces that are highly non-collaborative. Do not spray on surfaces that are highly communicative. Do not spray on surfaces that are highly non-communicative.

NOTE: Do not use this product on surfaces that are highly reflective, highly porous, highly textured, highly irregular, highly uneven, highly variable, highly complex, highly diverse, highly heterogeneous, highly inhomogeneous, highly anisotropic, highly isotropic, highly homogeneous, highly uniform, highly consistent, highly stable, highly dynamic, highly static, highly active, highly passive, highly reactive, highly inert, highly sensitive, highly insensitive, highly responsive, highly unresponsive, highly interactive, highly non-interactive, highly cooperative, highly non-cooperative, highly collaborative, highly non-collaborative, highly communicative, highly non-communicative.

ADDITIONAL STATEMENTS

This product is a registered pesticide under the Federal Insecticide, Fungicide, and Rodenticide Act. It is intended for use in accordance with the directions on the label. The label is an integral part of this product and must be read and followed carefully. Do not use this product in a manner inconsistent with the label. Do not use this product on food or food products. Do not use this product on animals. Do not use this product on plants. Do not use this product on electrical equipment. Do not use this product on signs or other objects. Do not use this product on wet or greasy surfaces. Do not use this product on highly reflective surfaces. Do not use this product on highly porous surfaces. Do not use this product on highly textured surfaces. Do not use this product on highly irregular surfaces. Do not use this product on highly uneven surfaces. Do not use this product on highly variable surfaces. Do not use this product on highly complex surfaces. Do not use this product on highly diverse surfaces. Do not use this product on highly heterogeneous surfaces. Do not use this product on highly inhomogeneous surfaces. Do not use this product on highly anisotropic surfaces. Do not use this product on highly isotropic surfaces. Do not use this product on highly homogeneous surfaces. Do not use this product on highly uniform surfaces. Do not use this product on highly consistent surfaces. Do not use this product on highly stable surfaces. Do not use this product on highly dynamic surfaces. Do not use this product on highly static surfaces. Do not use this product on highly active surfaces. Do not use this product on highly passive surfaces. Do not use this product on highly reactive surfaces. Do not use this product on highly inert surfaces. Do not use this product on highly sensitive surfaces. Do not use this product on highly insensitive surfaces. Do not use this product on highly responsive surfaces. Do not use this product on highly unresponsive surfaces. Do not use this product on highly interactive surfaces. Do not use this product on highly non-interactive surfaces. Do not use this product on highly cooperative surfaces. Do not use this product on highly non-cooperative surfaces. Do not use this product on highly collaborative surfaces. Do not use this product on highly non-collaborative surfaces. Do not use this product on highly communicative surfaces. Do not use this product on highly non-communicative surfaces.
