Dear Mr. Luedke:

Subject: Revised Labeling
Green Light Liquid Edger
EPA Registration No. 869-175
Your Submission Dated May 17, 1996

The amendment referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended is acceptable provided that you:

1. Make the labeling changes listed below before you release the product for shipment bearing the amended labeling:

a. Reinstate "Keep children and pets off treated areas until the material has washed into the soil" in the Hazards to Humans section.

b. Reinstate "Do not apply directly to water" in the Environmental Hazard section.

2. Submit one (1) copy of your final printed labeling before you release the product for shipment.

A stamped copy of the labeling is enclosed for your records.

Sincerely yours,

tn Philip V. Errico

EPA Reg. No. 869-175

EPA Est. No. 869-TX-1

Formulated by Green Light Co., P.O. Box 17985, San Antonio, TX 78217-0985

Net Contents One Gallon (3.785 liters)

(Back Panel)

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Keep out of reach of children. Harmful if swallowed. Avoid contact with skin. Avoid breathing spray mist. Wash hands after using. Keep children and pets off treated areas until the material has dried.

STATEMENT OF PRACTICAL TREATMENT

IF SWALLOWED: Drink one or two glasses of water and induce vomiting by touching back of throat with finger. Do not induce vomiting or give anything by mouth to an unconscious person. Get medical attention immediately. **IF INHALED:** Harmful if inhaled. Avoid breathing spray mist. **IF ON SKIN:** Wash promptly with soap and water. **IF IN EYES:** Flush eyes with plenty of water. Get medical attention if irritation persists.

ENVIRONMENTAL HAZARDS: This product is toxic to fish, birds and other wildlife. Birds

and other wildlife in treated areas may be killed. Do not apply where runoff is likely to occur. Do not contaminate water by cleaning of equipment or disposal of wastes. Apply this product only as specified on this label.

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

STORAGE AND DISPOSAL

STORAGE: Store in a locked area out of reach of children and domestic animals. Leave in original container. Do not contaminate water, food or feed by storage or disposal. **PESTICIDE DISPOSAL:** Leave unwanted pesticide material in original container. Securely wrap original container in several layers of newspaper and discard in trash. **CONTAINER DISPOSAL:** Do not reuse container. Rinse thoroughly before discarding in trash.

GENERAL INFORMATION: Green Light Liquid Edger is a special formulation designed to provide the homeowner with an exclusive, fast-acting control of unwanted grass and weeds in turfgrass and around ornamentals. May be used right in and around desired plants with no root damage. Kills on contact only.

SHAKE WELL BEFORE USING—APPLY DIRECT FROM CONTAINER

WHERE TO APPLY: Green Light Liquid Edger eliminates the need for hand trimming. Use along the edges of the lawn to stop grass from creeping into sidewalks, flower beds, bushes, shrubs, tree wells, sprinkler heads and similar areas. Green Light Liquid Edger will stop grass growth. Respray only when new growth appears. Few treatments are needed during the growth season, with the effect of each respray lasting longer. It will not damage desired plantings, either through misting or root absorption. To avoid drift that may injure desirable plants, do not apply during windy weather.

HOW TO APPLY: Shake well. Remove cap leaving spray top and spray directly to grass blades until wet. Not necessary to soak. A neat, straight edge may be easily and quickly applied---apply direct from container. **COVERAGE:** Approximately 3,000 feet of 2 inch edging.

USE FOR SPOT WEED CONTROL: Use as is for spot weed control of annual grasses and weeds in established turfgrass and around ornamental plants. Treat weeds in early growth stages just to the point of spray runoff. Best results obtained when applied on sunny days and temperature is above 70 F. Kills weeds in 12 to 24 hours. Do not allow spray to contact desirable plants. Respray when new weed growth appears.

WARRANTY: Green Light Company warrants that this material conforms to the chemical description on the label and is reasonably fit for use as directed thereon..
