NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.		
On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.		
A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.		
Registration is in no way to be construed as an endorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.		
This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A) provided that you:		
<ol style="list-style-type: none"> 1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data. 2. Add the phrase "EPA Registration No. 869-205" to your label before you release the product for shipment. 3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling. 		
If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 3(e). Your release for shipment of the product constitutes acceptance of these conditions.		
A stamped copy of the label is enclosed for your records.

GREEN LIGHT CO. SAN ANTONIO TX 78217

Registered under the Federal Insecticide,
Fungicide and Rodenticide Act
as required for the pesticide
to be used under EPA Reg. No.

869-205

STATEMENT OF PRACTICAL TREATMENT

IF SWALLOWED: Drink one or two glasses of water and induce vomiting by touching back of throat with finger. Do not induce vomiting or give anything by mouth to an unconscious person. Get medical attention immediately.

IF INHALED: Remove victim to fresh air. Apply artificial respiration, if indicated.

IF ON SKIN: Wash promptly with soap and water.

IF IN EYES: Flush eyes with plenty of water. Get medical attention if irritation persists.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: May be harmful if swallowed. Avoid contact with eyes, skin and clothing. Avoid breathing vapors or spray mist. Keep away from food, feedstuffs and domestic water supplies. Wash thoroughly after handling.

ENVIRONMENTAL HAZARDS: This product is highly toxic to bees exposed to direct treatment or residues on plants. Protective information may be obtained from your Cooperative Agricultural Extension Service. This product is toxic to fish, birds, and other wildlife. Do not apply to water. Do not contaminate water by cleaning of equipment or disposal of wastes. Apply this product only as listed on this label.

PHYSICAL OR CHEMICAL HAZARDS: Do not use or store near heat or open flame. Do not store below 32 Degrees F.

AGRICULTURAL CHEMICAL: Do not ship or store with food, feeds, drugs, or clothing.

DIRECTIONS FOR USE: It is a violation of federal law to use this product in a manner inconsistent with its labeling.

STORAGE AND DISPOSAL: Keep away from food, feedstuffs, and domestic water supplies. Keep container closed. Store out of reach of children and pets.

DISPOSAL: Do not reuse empty container for any purpose other than to refill with Green Light Fire Ant Killer. When no longer needed, rinse thoroughly before discarding in trash.

APPLICATION: Remove cap leaving white applicator top on. Sprinkle the contents of this container (1 gal'on) over the ant mound. Thoroughly wet mound and surrounding area to 4 ft. diameter (12 sq. ft.). For best results apply in cool weather, 65-80 Degrees F, or in early morning or late evening hours. Treat new mounds as they appear.

REFILL APPLICATOR: Remove applicator cap. Partially fill this Fire Ant Killer applicator 1/4 to 1/2 full with water. Mix 2 fluid ounces (4 tablespoons) of Green Light Fire Ant Killer (EPA Reg. No. 869-184) in applicator and finish filling container with water. Place closure cap on applicator and shake well. Remove cap and place applicator top with breather tube securely on container and drench fire ant mound. Use entire gallon of solution, thoroughly wetting mound and surrounding area to a 4 foot diameter. Do not store solution after mixing.
