San Antonio, TX 78217-0985

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/ reregistration of your product under FIFRA sec. 3(c)(5), 3(g), or 4 when the Agency requires all registrants of similar products to submit such data.
2. Make the following label changes:
 - a. Revise the EPA Registration Number to read, "EPA Reg. No. 869-241"
 - b. Revise the "Precautionary Statement" to read:
"CAUTION: Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet."
 - c. Under the "First Aid" replace text "If On Skin" with "If On Skin Or Clothing".

Signature of Approving Official:

Jim Tompkins
Product Manager (25)
Herbicide Branch
Registration Division, (7505C)

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful ^{if} absorbed through the skin. Causes moderate eye irritation. Avoid contact with eyes, skin or clothing. Wash thoroughly with soap and water after handling. Keep children and pets away from treated areas until spray has dried. Avoid contamination of food. Do not contaminate water supplies.

<i>or clothing</i>	FIRST AID
IF ON SKIN:	<ul style="list-style-type: none"> . Take off contaminated clothing. Rinse skin with plenty of water for 15-20 minutes. . Call a poison control center or doctor for treatment advice.
IF IN EYES:	<ul style="list-style-type: none"> . Hold eye open and rinse slowly and gently with water for 15-20 minutes. . Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. . Call a poison control center or doctor for treatment advice.

PRODUCT INFORMATION: Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact Green Light Company at (210)494-3481 for general product information and/or medical information.

ENVIRONMENTAL HAZARDS: Do not apply directly to water. Do not contaminate water when disposing of equipment washwaters.

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Read and follow label instructions and all precautionary statements.

STORAGE AND DISPOSAL
<p>Storage: Use and store this product only in its original container. Store product in a secure storage area away from sources of heat or open flame. Protect product from freezing. Disposal: Do not reuse container except for refill in accordance with refill instructions. To dispose of unused product and container, securely wrap original container in several layers of newspaper and discard in trash. Spill or Leak: In case of spill or leak, soak up with paper towels and discard in trash.</p>

GENERAL INFORMATION: Green Light Com-Pleet Systemic Grass & Weed Killer Ready-To-Use eliminates nearly all common weeds and grasses. This product is a general purpose (non-selective) weed and grass killer for control of unwanted vegetation in driveways, walkways, curbs, along fences and foundations, near trees and shrubs, flower beds, mulch beds and other

similar garden areas. This product is not recommended for use in lawns because it will kill lawn grasses too.

This product is a non-selective herbicide and will kill all vegetation contacted. This herbicide kills plants by inhibiting the production of a substance found only in plants. It enters plants through the sprayed foliage and moves down to the roots. Avoid direct spray or drift onto desirable plants, lawn grasses, shrubs and trees. Protect desirable plants and vegetation with a piece of plastic or cardboard. If desirable plants are accidentally sprayed, wash plants with water immediately. Any product not absorbed by the plant is broken down into natural materials. This product has no soil activity and thus will not affect nearby untreated plants. Do not mow, cut or otherwise disturb treated vegetation for at least 7 days following application.

WEEDS CONTROLLED

Annual Weeds and Grasses: Annual ryegrass, annual bluegrass, barnyardgrass, beggarweed, black medic, blue medic, blue mustard, blue toadflax, brassbuttons, brome grass, bur clover, buttercup, cheeseweed, chickweed, clover, common lambsquarters, common plantain, common ragweed, common groundsel, crabgrass, creeping beggarweed, diffuse lovegrass, dog fennel, evening primrose, false dandelion, fall panicum, fennel, fiddleneck, field pennycress, field sandbur, filaree, Florida pusley, foxtail, garden spurge, goosegrass, green foxtail, hemp sesbenia, henbit, horseweed/marestail, ironweed, knotweed, lambsquarters, little bitter cress, London rocket, maiden cane, mallow, mayweed, mouseear chickweed*, oxalis*, Pennsylvania smartweed, pennywort, pigweed, prickly lettuce, prostrate spurge, puncture vine, purslane, redroot pigweed, sandspur, shepherdspurge, smartweed, smooth cat's ear, smooth pigweed, sowthistle, spotted spurge, sprangletop, spurge, tansy mustard, tansy ragwort, teaweed, Texas panicum, tumble mustard, velvetleaf, wild geranium*, witchgrass, wild mustard, yellow nutgrass, yellow oxalis and many other annual grasses and weeds.

Perennial Weeds, Grasses and Brush: Alder, artichoke thistle, bahiagrass, barnyardgrass, bentgrass, Bermudagrass, blackberries, bluegrass, broadleaf plantain, brownseed paspalum, buckhorn plantain, buckhornbull thistle, Canada thistle, cattail, ceanothus, centipedegrass, cherry, cocklebur, cogongrass, common mullein, common ragweed, coralbead, coyote brush, creeping bentgrass, creeping Charlie, creeping lantana, curly dock, dallisgrass, dandelion, dewberry, dog fennel, elderberry, false dandelion, fescues, field bindweed, guineagrass, hairy crabgrass, honeysuckle, horseradish, horsenettle, iceplant, Johnsongrass, Kentucky bluegrass, kikuyugrass, knapwood, knawel, kudzu, lantana, maiden cane, milkweed, mouseear chickweed*, multiflora rose, nimbleweed, nutgrass (nutsedge), oak species, oldenlandia, orchardgrass, oxalis*, pampasgrass, pennywort, plantain, poison oak, poison ivy, poison hemlock, primrose, purple cudweed*, purple nutsedge, quackgrass, quacking aspen, ragweed, raspberry, red clover, ryegrass, smooth brome grass, sourdock, sowthistle, St. Augustinegrass, sumac, tall fescue, tansy ragwort, thistle, Timothy, torpedograss, trumpet creeper, vaseygrass, Virginia creeper, white clover, whitetop, wild barley, wild blackberry, wild carrot, wild morningglory, wild oats, wild sweet potato, willow, yarrow, yellow nutgrass, yellow starthistle, zoysia and many other perennial weeds, grasses, brush and sedges.

*Annual or Perennial

WHEN TO USE: Apply when weeds are actively growing. It is best to apply on a warm sunny day when daytime temperatures are above 60 F and no rain is forecast for 24 hours. Re-apply if rain occurs within 24 hours after application. To avoid drift to desirable plants, apply when the air is calm.

HOW TO USE: Green Light Com-Pleet Systemic Grass & Weed Killer Ready-To-Use is pre-mixed, pre-measured and ready to use. To re-fill empty container, see REFILLING INSTRUCTIONS. This product is formulated for "spot" treatment of individual weeds and grasses. Make application when the air is calm. Position the sprayer-tip approximately 1-2 feet from the target weed and apply to foliage. Thoroughly wet the foliage of the target weeds and grasses. Do not overspray. A single application controls most listed weeds. Sprayed plants begin yellowing and wilting within about 1 week, with a complete kill, including the roots, in 2 to 4 weeks. Harder-to-control weeds may require a repeat application after 4 weeks.

REPLANTING INSTRUCTIONS: Ornamental trees, shrubs and flowers may be planted 1 day after application.

REFILL INSTRUCTIONS: To refill this 32 fl. oz. (Quart) container, remove sprayer and add 2 cups (16 fl. oz.) of clean water to this empty container, then add 1.75 fl. oz. (3-1/2 Tbs.) of Green Light Com-Pleet 18% Systemic Grass & Weed Killer. Continue to add water slowly until full. Replace sprayer on container and shake to mix. Follow label directions for use. Do not reuse this container for any other product or purpose.

WARRANTY: Green Light Company warrants only that the material contained herein conforms to the chemical description on the label and is reasonably fit for the use therein described when used in accordance with the Directions for Use set forth in the label.
