San Antonio, TX 78217-0985

Ms. Garcia:

RE: ADMINISTRATIVE LETTER OF JANUARY 28, 2010; GREEN LIGHT COM-PLEET
SYSTEMIC GRASS & WEED KILLER READY-TO-USE; EPA REG. NO. 869-241;
AMENDED LABEL AS A NOTIFICATION

Your Notification incorporating changes per PR-Notice2008-1 is acceptable. Your Notification incorporating the changes required in PR-Notice 2007-4 is not acceptable due to the addition of rinsing instructions for ready-to-use residential pesticide that is exempted from rinsing requirements (40CFR156.144). The amended label is acceptable with the following change:

1. On page 2, under "STORAGE AND DISPOSAL", change the "Disposal:" paragraph to "Nonrefillable container. Do not reuse or refill this container. Offer for recycling, if available, or dispose of in a sanitary landfill, or if allowed by state and local authorities, by burning. If burned, stay out of smoke." The above statement will be acceptable for your residential ready-to-use product at this time.

Your changes to the Warranty Statement are also acceptable at this time.

A stamped Accepted Label With Comments is enclosed for your files.

Please contact Phil Errico at 703-305-6663/ errico.philip@epa.gov for any further assistance in this matter.

Regards,

A handwritten signature in black ink, appearing to read "James A. Tompkins".

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash hands before eating drinking, chewing gum, using tobacco or using the toilet.

FIRST AID

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

PRODUCT INFORMATION

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact **210-494-3481** for general product information and/or medical information.

ENVIRONMENTAL HAZARDS

To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in any manner inconsistent with its labeling. Read and follow label instructions and all precautionary statements.

STORAGE AND DISPOSAL

Pesticide Storage: Store in original container in a cool dry place, out of reach of children, preferably a locked storage cabinet. Avoid contamination of feed and foodstuffs. Avoid contamination of feed and foodstuffs.

Disposal: Nonrefillable container. Do not reuse or refill this container. Offer for recycling, if available. Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

4 of 6

If Partly Filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

GENERAL INFORMATION

Green Light *Com-Pleet*® *Systemic Grass & Weed Killer Ready-To-Use* eliminates nearly all common weeds and grasses. This product is a general purpose (non-selective) weed and grass killer for control of unwanted vegetation in driveways, walkways, curbs, along fences and foundations, near trees and shrubs, flower beds, mulch beds and other similar garden areas. This product is not recommended for use in lawns because it will kill lawn grasses, too.

This product is a non-selective herbicide and will kill all vegetation contacted. This herbicide kills unwanted plants by inhibiting the production of a substance found only in plants. It enters plants through the sprayed foliage and moves down to the roots. Avoid direct spray or drift onto desirable plants, lawn grasses, shrubs and trees. Protect desirable plants and vegetation with a piece of plastic or cardboard. If desirable plants are accidentally sprayed, wash plants with water immediately. Any product not absorbed by the plant is broken down into natural materials. This product has no soil activity and thus will not affect nearby untreated plants. Do not mow, cut or otherwise disturb treated vegetation for at least 7 days following application.

WEEDS CONTROLLED

Annual Weeds and Grasses: Annual ryegrass, annual bluegrass, barnyardgrass, beggarweed, black medic, blue medic, blue mustard, blue toadflax, brassbuttons, brome grass, bur clover, buttercup, cheeseweed, chickweed, clover, common lambsquarters, common plantain, common ragweed, common groundsel, crabgrass, creeping beggarweed, diffuse lovegrass, dog fennel, evening primrose, false dandelion, fall panicum, fennel, fiddleneck, field pennycress, field sandbur, filaree, Florida pusley, foxtail, garden spurge, goosegrass, green foxtail, hemp sesbania, henbit, horseweed/marestail, ironweed, knotweed, lambsquarters, little bitter cress, London rocket, maiden cane, mallow, mayweed, mouseear chickweed*, oxalis*, Pennsylvania smartweed, pennywort, pigweed, prickly lettuce, prostrate spurge, puncture vine, purslane, redroot pigweed, sandspur, shepherdspurge, smartweed, smooth cat's ear, smooth pigweed, sowthistle, spotted spurge, sprangletop, spurge, tansy mustard, tansy ragwort, teaweed, Texas panicum, tumble mustard, velvetleaf, wild geranium*, witchgrass, wild mustard, yellow nutgrass, yellow oxalis, and many other annual grasses and weeds.

Perennial Weeds, Grasses, and Brush: Alder, artichoke thistle, bahiagrass, barnyardgrass, bentgrass, Bermudagrass, blackberries, bluegrass, broadleaf plantain, brownseed paspalum, buckhorn plantain, buckhornbull thistle, Canada thistle, cattail, ceanothus, centipedegrass, cherry, cocklebur, cogongrass, common mullein, common ragweed, coralbead, coyote brush, creeping bentgrass, creeping Charlie, creeping lantana, curly dock, dallisgrass, dandelion, dewberry, dog fennel, elderberry, false dandelion, fescues, field bindweed, guineagrass, hairy crabgrass, honeysuckle, horseradish, horsenettle, iceplant, Johnsongrass, Kentucky Bluegrass, kikuyugrass, knapwood, knawel, kudzu, lantana, maiden cane, milkweed, mouseear chickweed*, multiflora rose, nimblegrass, nutgrass (nutsedge), oak species, oldenlandia, orchardgrass, oxalis*, pampasgrass, pennywort, plantain, poison oak, poison ivy, poison hemlock, primrose, purple cudweed*, purple nutsedge, quackgrass, quacking

aspen, ragweed, raspberry, red clover, ryegrass, smooth brome grass, sourdock, sowthistle, St. Augustine grass, sumac, tall fescue, tansy ragwort, thistle, Timothy, torpedograss, trumpet creeper, vasey grass, Virginia creeper, white clover, whitetop, wild barley, wild blackberry, wild carrot, wild morning glory, wild oats, wild sweet potato, willow, yarrow, yellow nutgrass, yellow starthistle, zoysia, and many other perennial weeds, grasses, brush and sedges.

*Annual or Perennial

WHEN TO USE

Apply when weeds are actively growing. It is best to apply on a warm sunny day when daytime temperatures are above 60°F and no rain is forecast for 24 hours. Re-apply if rain occurs within 24 hours after application. To avoid drift to desirable plants, apply when the air is calm.

HOW TO USE

Green *Light Com-Pleet® Systemic Grass & Weed Killer Ready-To-Use* is pre-mixed, pre-measured, and ready to use. To re-fill empty container, see REFILLING INSTRUCTIONS. This product is formulated for "spot" treatment of individual weeds and grasses. Wear long-sleeve shirt, long pants, shoes and socks when applying this product. Wash clothing separate from other laundry. Make application when the air is calm. Position the sprayer-tip approximately 1-2 feet from the target weed and apply to foliage. Thoroughly wet the foliage of the target vegetation. Do not overspray. A single application controls most listed weeds. Sprayed plants begin yellowing and wilting within 1 week, with a complete kill, including the roots, in 2 to 4 weeks. Harder-to-control weeds may require a repeat application after 4 weeks.

REPLANTING INSTRUCTIONS

Ornamental trees, shrubs and flowers may be planted **1 day after** application.

REFILL INSTRUCTIONS

To refill this 32 fl. oz. (Quart) container, remove sprayer and add 2 cups (16 fl. oz.) of clean water to this empty container, then add 1.75 fl. oz. (3½ tablespoons) of Green Light Com-Pleet 18% Systemic Grass & Weed Killer. Continue to add water slowly until full. Replace sprayer on container and shake to mix. Follow label directions for use. Do not use this container for any other product or purpose.

WARRANTY

Seller warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated on the label when used in strict accordance with the directions. To the extent consistent with applicable law, seller makes no other express or implied warranty of merchantability or fitness, for a particular purpose or otherwise, that extend beyond the statements made on this label.
