# Diversol<sup>®</sup> CX<sup>®</sup> With Arodyne<sup>®</sup>

U.S. Pat. Nos. 3,281,364 & 3,525,583

**Sanitizer • Cleaner**

EPA Reg. No. 875-41  
EPA Est. 476-IL-1

Do not reuse this container. Destroy it by perforating or crushing. Bury or discard in a safe place away from water supplies.

This product contains only biodegradable surfactants.

## Composition

### Active Ingredients

Sodium hypochlorite	3.25%
Sodium phosphate expressed as $\text{Na}_3\text{PO}_4 \cdot 12\text{H}_2\text{O}$	91.71%
Potassium Permanganate	0.01%
Sodium Lauryl Sulphate	0.04%

### Inert Ingredients

Phosphate Content by Weight Percent	4.99%
Expressed as $\text{P}_2\text{O}_5$	18.2%
Expressed as P	7.9%

A 1 oz./gal. solution contains 2.2 grams P/gal.

## Warranty

Our recommendations for use of this product are based upon tests believed to be reliable. The use of this product being beyond the control of the manufacturer, no guarantee, expressed or implied, is made as to the effects of such or the results to be obtained if not used in accordance with directions or established safe practice. The buyer must assume all responsibility including injury or damage, resulting from its misuse as such, or in combination with other materials.

Diversey Chemicals warrants that the cost of this product will be refunded to the purchaser if it fails to perform as stated.

## Danger: Keep Out Of Reach Of Children

Corrosive. Causes eye damage and skin irritation. Do not get in eyes, on skin or on clothing. Wear goggles or face shield and rubber gloves when handling. Harmful or fatal if swallowed. Avoid contamination of food.

## First Aid:

In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove & wash contaminated clothing before reuse.

## Store In A Cool Dry Area

### Directions

For Use In: milk plants, breweries, meat processing plants, beverage plants, food processing plants, institutions.

### Sanitizing:

**Rinse Method:** After cleaning equipment, use 1½ ounces of DIVERSOL/CX with Arodyne to each 3½ gallons of water (approximately 100 ppm available chlorine).

Solution should be tested during use to make sure the concentration does not drop below 50 ppm available chlorine. If facilities for testing are not available, use a solution containing 3 ounces to each 3½ gallons of water (approximately 200 ppm available chlorine).

**Spray Method:** After cleaning equipment, use 5 ounces of Diversol/CX with Arodyne to each 4 gallons of water (approximately 300 ppm available chlorine). Allow solution to remain on surfaces for at least 2 minutes where required by local regulations. Follow with potable water rinse.

### Cleaning:

**Solution Method:** After thorough rinsing, brush, spray or circulate a 1 ounce per gallon solution of Diversol/CX with Arodyne at 120 F to 135 F and rinse. Rinse all food contact surfaces with potable water prior to reuse.

**Paste Method:** Tank, equipment, tile surfaces, etc. After thorough rinsing, brush surfaces with a water slurry of Diversol/CX with Arodyne and rinse before use. For tanks, use 2 ounces of crystals for each 75 gallons of capacity. Rinse all food contact surfaces with potable water prior to reuse.

### Combined Cleaning and Sanitizing (where approved)

1. Use Solution Method or
2. Use Paste Cleaning Method and rinse lightly to remove all traces of paste
3. Rinse all food contact surfaces with potable water prior to reuse.

### Directions For Restaurant Use:

1. Utensils and dishes must be scraped and prewashed.

## Danger: Keep Out Of Reach Of Children

Corrosive. Causes eye damage and skin irritation. Do not get in eyes, on skin or on clothing. Wear goggles or face shield and rubber gloves when handling. Harmful or fatal if swallowed. Avoid contamination of food.

## First Aid:

In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes, for eyes, call a physician. Remove & wash contaminated clothing before reuse. If swallowed, drink *promptly* a large quantity of milk, egg whites, gelatin solution or if these are not available, drink large quantities of water. Avoid alcohol. Call a physician immediately.

**NOTE TO PHYSICIAN:** Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsion may be needed.

## Environmental Hazards:

This product is toxic to fish. Treated effluent should not be discharged where it will drain into lakes, streams, ponds, or public waters. Do not contaminate water by cleaning of equipment, or disposal of wastes. Apply this product only as specified on this label.

## Cleaning:

**Solution Method.** After thorough rinsing, brush, spray or circulate a 1 ounce per gallon solution of Diversol/CX with Arodyne at 120°F to 135°F and rinse. Rinse all food contact surfaces with potable water prior to reuse.

**Paste Method—Tank, equipment, tile surfaces, etc.** After thorough rinsing, brush surfaces with a water slurry of Diversol/CX with Arodyne and rinse before use. For tanks, use 2 ounces of crystals for each 75 gallons of capacity. Rinse all food contact surfaces with potable water prior to reuse.

**Combined Cleaning and Sanitizing:** (where approved)

1. Use Solution Method or
2. Use Paste Cleaning Method and rinse lightly to remove all traces of paste.
3. Rinse all food contact surfaces with potable water prior to reuse.

## Directions For Restaurant Use:

1. Utensils and glasses must be scraped and prewashed.
2. Wash with a Diversey cleaner of your choice, following directions on the label for that product.
3. Rinse with clean water.
4. Sanitize in a Diversol/CX with Arodyne solution containing 1½ ounces to 3½ gallons of water (100 ppm available chlorine—in the absence of a test kit to measure available chlorine to determine if the solution has fallen below 50 ppm during use, a starting concentration of 200 ppm should be used). Immerse all utensils for at least two minutes or for contact time specified by governing sanitary code.
5. Place sanitized utensils on a rack or drainboard to air-dry. Rinse with potable water prior to reuse.
