

U.S. ENVIRONMENTAL PROTECTION AGENCY
OFFICE OF PESTICIDES PROGRAMS
REGISTRATION DIVISION (TS-767)
WASHINGTON, DC 20460

EPA REGISTRATION
875-107

DATE OF ISSUANCE
AUG 26 1993

TERM OF ISSUANCE

NOTICE OF PESTICIDE: REGISTRATION
 REREGISTRATION
(Under the Federal Insecticide, Fungicide,
and Rodenticide Act, as amended)

NAME OF PESTICIDE PRODUCT

Divosan Forte

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

Diversey Corp
12025 Tech Center Drive
Livonia, MI 48150

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit/cite all data required for registration/reregistration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.

2. Make the labeling changes listed below before you release the product for shipment:

- a. Add the phrase "EPA Registration No. 875-107".
- b. Delete the phrase "875-RNT". This is not your registration number.
- c. Add the following statement to the left panel precautionary section to read: Wash thoroughly with soap and water after handling.
- d. Note that Storage and Disposal section should be placed under the Directions for Use section.

ATTACHMENT IS APPLICABLE

SIGNATURE OF APPROVING OFFICIAL

23 } 5

e. Add an additional statement to the Directions for Use section to read: Use solution may not be re-used for sanitizing.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely,

John H. Lee

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS.**

DANGER. CORROSIVE. CAUSES EYE AND SKIN DAMAGE. MAY BE FATAL IF SWALLOWED, INHALED, OR ABSORBED THROUGH THE SKIN.

Do not breath vapors or spray mist. Do not get in eyes, on skin, or clothing. Direct contact with product can cause irreversible damage to eyes. Wear goggles and face shield and rubber gloves when handling. Remove contaminated clothing and wash before reuse.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish. Do not discharge into lakes, streams, ponds, or public water unless in accordance with NPDES permit. For guidance contact your Regional Office of the EPA. Apply this pesticide only as specified on this label.

PHYSICAL AND CHEMICAL HAZARDS

STRONG OXIDIZING AGENT. Mix only with water. Product must be diluted in accordance with label directions for use. Do not contaminate with cleaners or sanitizers as rapid decomposition of product with release of oxygen can occur which may initiate combustion.

Dispense directly from the original container. Use only dispensing equipment made of teflon, polyethylene or suitable plastics. Do not use rubber hoses or metal pumping or sampling equipment. If concentrated product must be transferred, use only a clean, dry container made of polyethylene or suitable plastics.

STORAGE AND DISPOSAL

STORAGE: Keep container tightly closed. Do not store at elevated temperatures or in direct sunlight. Store only in original container.

PESTICIDE DISPOSAL: Do not contaminate water, food, or feed by storage or disposal. Pesticide wastes are acutely hazardous and/or toxic, and improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to the label instructions, contact your state pesticide or environmental control agent or the hazardous waste representative at the nearest EPA regional office for guidance.

CONTAINER DISPOSAL: Triple rinse (or equivalent). Puncture and dispose of in a sanitary landfill or incinerate or burn, if allowed by state and local authorities. If burned, stay out of smoke. Do not reuse empty container.

Livonia, Michigan 48150

Technical information regarding specific on-site problems are available from Diversey Corp. A Material Safety Data Sheet relative to the use of this product is available.

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

SANITIZING OF FOOD CONTACT SURFACES

For use in circulation cleaning and sanitizing of closed tanks, pipelines, evaporators, filters, and processing vats in dairy, carbonated beverage, wineries, breweries, bottling water, juice, and food processing plants.

A. Clean equipment immediately after use.

1. Rinse with clean water to remove soil.
2. Wash with recommended Diversey product.
3. Rinse with potable water until equipment is cooled to less than 100° F.

B. Sanitize by metering Divosan Forte directly from the original product container into a makeup tank by use of a Diversey automatic dispensing system. Dilute 1 fluid ounce of Divosan Forte in 5.8 gallons of water providing 200 ppm peroxyacetic acid. Circulate the sanitizer for at least two minutes to thoroughly contact all surfaces. Drain sanitized surfaces completely before restarting processing.

Use a Divosan Forte Test Kit to check concentration of sanitizer solution. Fresh sanitizing solution should be prepared at least daily or more often if the solution becomes diluted or soiled. Discharge solution to waste after use.

STATEMENT OF PRACTICAL TREATMENT

If in eyes: Immediately flush with plenty of water for at least 15 minutes. Get immediate medical attention.

If on skin: Wash with plenty of soap and water. Get medical attention.

If inhaled: Remove to fresh air. Apply artificial respiration or give oxygen for breathing difficulty. Call a physician.

If swallowed: DO NOT INDUCE VOMITING. Drink a large quantity of milk, egg whites, gelatin solution, or if these are not available, drink large quantities of water. Avoid alcohol. Get immediate medical attention.

Note to Physician: Probable mucosal damage may contraindicate the use of gastric lavage.

See side panels for additional precautionary statements.

Neither manufacturer or seller makes any representation or warranty, expressed or implied, concerning this material except that it is of Diversy Corp. standard quality. Neither shall be held responsible in any manner for any personal injury, property damage, or other type of loss resulting from the handling, storage, use, or resale of this material and/or this container or the sale or use of any product manufactured or processed by its use. The buyer accepts and uses this material and this container on these conditions.
