 303 592 1024 • Transportation: (CHEMTREC) 800 424 9300

Net Contents 5 Gal (18.9 L)

DIRECTIONS FOR USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

For toilets — It is not necessary to remove the water from the bowl.

One (1) ounce is sufficient to remove soils, rust, lime, scale and uric deposits, disinfect and deodorize.

Apply with special applicator or flip cap bottle. Open flip cap, invert bottle and, with light pressure, direct stream of at least one ounce completely around underneath side of toilet bowl rim. Wet bowl mop with solution and swab all surfaces above and below the water line including seat and lid. Allow at least 10 minutes contact time for surface to be cleaned and disinfected. Rinse. Repeat application for cleaning heavily encrusted deposits.

On Solid Porcelain Urinals — Place bowl mop over drain. Add enough water to make a solution and follow the same procedure as for toilet bowls.

D'Germ Disinfectant will not damage solid porcelain china or vitreous ware.

Shower Stalls — Glazed or other ceramic tile may be cleaned without damage. To clean and disinfect glazed ceramic tile and other hard, non-porous surfaces, use one ounce in a gallon of water, allow 10 minutes contact time for surface to be cleaned and disinfected, rinse thoroughly.

To disinfect previously cleaned surfaces against Trichophyton interdigitale (Athlete's foot fungus), use 1-3/4 ounces in a gallon of water (1:80). Swab surfaces to be disinfected with this solution. Allow to remain in contact for 10 minutes, then rinse thoroughly.

D'Germ Disinfectant may be used on most metals (including aluminum and stainless steel) at 1 ounce per gallon of water. Rinse thoroughly. Septic tanks will not be affected.

A.O.A.C. USE DILUTION

CONFIRMATION TESTS, 11th Edition

- 1. Staphylococcus aureus 1:128
- 2. Salmonella choleraesuis 1:128
- 3. Pseudomonas aeruginosa (PRD-10) 1:128

A.O.A.C. 11th Edition Official Fungicidal Test

- Trichophyton interdigitale 1:180

***Official Virucidal Test**

D'Germ is virucidal against Herpes Simplex virus type 2 (HSV-2) at 1:128 dilution on inanimate environmental surfaces.
