Dusan

Low Foam Iodophor (product reviewer- this is only a product descriptor, not part of the product name)

For Industry Use

ACTIVE INGREDIENT:

Iodine* 1.60%

INERT INGREDIENTS: 98.40%

Total: 100.00%

*From Nonylphenoxy polyethoxy ethanol.
U.S. Patent 3,028,299

**KEEP OUT OF REACH OF CHILDREN
CAUTION**

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

Harmful if swallowed. Avoid contact with skin, eyes, or clothing. Wash thoroughly with soap and water after handling. Do not mix with soap or alkaline materials.

FIRST AID

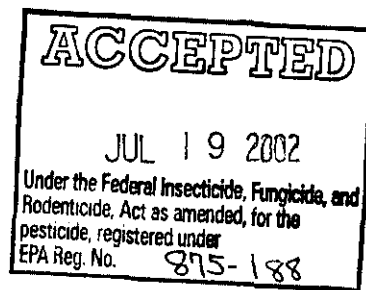

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

IF SWALLOWED: Call poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

ENVIRONMENTAL HAZARDS: Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination Systems(NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewage systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage, disposal or cleaning of equipment.

PESTICIDE STORAGE: This product is corrosive to mild steel. Do not store or transport in unlined metal containers. Do not store on side. Avoid creasing of side walls. Keep from freezing. If frozen, thaw and mix to make usable.

PESTICIDE DISPOSAL: Pesticide wastes are acutely hazardous. Improper disposal of all excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label directions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste Representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL: Plastic containers - Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Recommended for use in sanitizing, operations in food plants, dairies, restaurants, beverage and brewery operations, hospitals and nursing homes.

For Sanitizing Utensils and Glasses in Hand Washing Operations

1. Scrape and prewash utensils and glasses whenever possible.
2. Wash with a detergent solution.
3. Rinse with potable water.
4. Sanitize in a solution of 1 ounce Dusan to 5 gallons of water (25 ppm titratable iodine). Immerse all utensils for at least 2 minutes or for contact time specified by governing sanitary code.
5. Place sanitized utensils on a rack or drainboard to air dry.

NOTE: A clean, potable water rinse following sanitation is not permitted under Section H90. 16(2)(c) of the Wisconsin Administrative Code.

Approved under the regulations of the Wisconsin State Board of Health. Dusan is authorized for final spray or soak sanitizing of utensils and equipment in dairies and /or dairy farms under Section 7 Items 11r and 14r, Grade "A" Pasteurized Milk Ordinance (1978). Use one (1) ounce of Dusan per 5 gallons of water (25 ppm titratable iodine) for these usages.

Dusan may be sprayed at 10 ppm titratable iodine for sanitizing bells on filling machines and crowns on capping machines in brewery and soft drink operations. Use two (2) ounces of Dusan to 25 gallons of water for 10 ppm titratable iodine.

Use one (1) ounce of Dusan for 5 gallons of water (25 ppm titratable iodine) for final sanitizing of bottles and all other utensils and equipment in breweries and soft drink plants, by spraying or soaking.

12 ½ to 25 ppm available iodine for sanitizing is equivalent to 100 to 200 ppm available chlorine in accordance with the AOAC Chlorine Germicidal Concentration Test.

Dusan is a low foam iodophor authorized under 21 CFR 178.1010, Sanitizing Solutions, FDA Food Additive Law and authorized by USDA for use in federally inspected, meat and poultry processing plants, for final sanitizing rinsing.

One ounce of Dusan per 5 gallons of water (25 ppm titratable iodine) is authorized for final sanitizing rinsing of previously cleaned and rinsed food contact utensils and equipment in all types of food plants, meat and poultry plants, dairies, dairy farms, brewery and soft drink plants, restaurants, hospitals and nursing homes. The rinse may be a spray or soak.
