

WARNING

Harmful if swallowed, inhaled or absorbed through the skin or eyes. Do not get in eyes, on skin or on clothing. Skin contact may result in an acneform reaction. Avoid breathing dust or spray mist. Keep out of the reach of children. Avoid contact with food and feedstuffs.

In case of skin contact, wash immediately with soap and water. For eyes, flush with plenty of water for at least 15 minutes and get medical attention.

Wear natural rubber gloves and protective clothing when handling. Wash hands, arms and face thoroughly with soap and water before eating or smoking. Wash all contaminated clothing with soap and hot water before reuse.

Do not contaminate domestic or irrigation waters. Do not apply when weather conditions favor drift from areas treated. Do not apply where runoff is likely to occur. Do not contaminate water by cleaning of equipment or disposal of wastes. Observe all pre-tanking instructions of all products used in tank mixtures.

DO NOT USE IN ANY MANNER NOT SPECIFIED ON THE LABEL.

IMPORTANT

Prevent drift of product to desirable plants. Do not use in areas where drift will be likely to occur. Avoid contact with desirable plants. Do not use in areas where drift will be likely to occur.

Do not graze or feed forage from treated areas to livestock.

Do not take water from any pond within one year after the first application. Water must be pumped out for at least one year.

When applied according to label directions and under normal growing conditions, PROBE 75 WP will not harm the treated crop. Over application may result in stunting, leaf injury or a residue check. Over application of PROBE 75 WP can result in crop stunting, leaf injury, seedling damage, or in weather (seed planting, excessive moisture, high salt concentration, etc.) may weaken crop seedlings and increase possibility of damage from PROBE 75 WP. Under these conditions, delayed crop development or reduced yields may result.

CONTAINER DISPOSAL

Do not reuse or burn empty containers. Dispose of empty containers by spreading in a field at least 100 feet from water supplies.

NOTICE

Read and understand the entire label before using this product. Apply to the crop and weeds as directed. Do not use in areas where drift will be likely to occur. Avoid contact with desirable plants. Do not use in areas where drift will be likely to occur.

ACTIVE INGREDIENTS:
 Methazole* 75.0%
 Related Compounds 3.9%

DIRECTIONS FOR USE

This product is designed to be used either as a single application for pre-emergence or as a post-emergence application. For pre-emergence use, apply to the soil before the crop is planted. For post-emergence use, apply to the soil after the crop has emerged. Do not use in areas where drift will be likely to occur. Avoid contact with desirable plants. Do not use in areas where drift will be likely to occur.
