### DIRECTIONS FOR USE

**IMPORTANT:** Read the Entire Directions for Use and the Conditions of Sale and Warranty before Using this Product

Uniformly spray 1 gallon of Pratt Vegetation Killer mixed in 10 gallons of water over 1000 sq ft of soil surface. Thoroughly wet all foliage to insure contact action. Best results are obtained when applications are made during or soon after weed emergence while growth is succulent. Where vegetation is tall and dense, use 1 1/2 gallons of Pratt Vegetation Killer in 10 gallons of water per 1000 sq ft. For control of hard-to-kill perennial weeds and grasses such as Johnsongrass, Bindweed and Wild Carrot, use 3 to 4 1/2 gallons per 1000 sq ft. Although Pratt Vegetation Killer has considerable activity through foliar contact, much of its activity is through the roots and therefore adequate rainfall to move the chemical into the root zone is necessary.

Under conditions where the rainfall is high and the growing season long, a second application may be necessary to maintain a weed-free soil surface.

Care must be taken to keep this herbicide away from desirable flower beds, lawns and shrubs. Do not apply over the roots of valuable trees, or woody ornamental plants. Only apply herbicide outside of the drip line of trees. Avoid spray drift to desirable plants.

### CAUTION: KEEP OUT OF REACH OF CHILDREN.

Harmful if swallowed. Avoid contact with eyes and skin. In case of skin contact, wash with soap and water. Avoid inhalation of spray mist. Avoid contamination of food and feed. Do not contaminate water used for irrigation or domestic purposes.

Keep out of lakes, streams or ponds. Do not contaminate water by cleaning of equipment or disposal of wastes. Apply this product only as specified on this label!

Do not re-use container. Destroy by perforating and crushing and bury or discard in a safe place away from water supplies.

Do not use, pour, spill or store near heat or open flame. STORE AT TEMPERATURES ABOVE 32° F.

**NOTICE:** Since weather and other conditions under which this product may be used will vary, the Seller makes no warranty of any kind, express or implied, concerning the use of this product. The User assumes all risks of use, storage or handling of this material not in accordance with directions given herewith.
