38/12

OFFICE OF
PESTICIDES AND TOXIC SUBSTANCES

22 1989

Mr. John M. Bergman
Velsicol Chemical Corporation
5600 N. River Road
Rosemont, IL 60018-5119

Dear Mr. Bergman:

Subject: Amendment - Update Labeling
Technical Heptachlor (Export)
EPA Registration No. 876-288
Technical Chlordane (Export)
EPA Registration No. 876-280
Technical Heptachlor (Buried Cable Closures)
EPA Registration No. 876-330
Your Application Dated October 14, 1987

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. A stamped copy is enclosed for your records.

1. For the product Technical Heptachlor, EPA Registration No. 876-288, add the following statement immediately beneath the "Export" Only statement on the front panel:

"This product cannot be used in the manufacture of pesticide products to be imported into the United States."

From the information submitted with the revised labels and the current information present in the Pesticide Product Information System (PPIS) database, it appears that the small amounts of propylene oxide present in these products (ca. 0.5% or less) is not the result of intentional addition of these chemicals to the pesticide formulation. Since the inert ingredient labeling statement only applies to those

inert ingredients which are intentionally added to the pesticide formulation, these products are not considered subject to the inert labeling requirement.

Sincerely yours,

George T. LaRocca
Product Manager (15)
Insecticide-Rodenticide Branch

EXPORT

TECHNICAL Chlordane

ACCREDITED
with CO...
in EPA...

JUN 22 1989

Under the Federal Insecticide, Fungicide, and Rodenticide Act, this product is registered under EPA Reg. No.

876-280

FOR MANUFACTURING PURPOSES ONLY :

FOR EXPORT ONLY OR FOR USE ONLY IN THE MANUFACTURE OF A PESTICIDE PRODUCT FOR EXPORT

This product cannot be used to manufacture a pesticide product to be imported into the United States.

ACTIVE INGREDIENT:

Chlordane® 100.0%

Residuals to 99% Chlordane-4, 7-methoxyisobutylchlordane and 4% related compounds.

**KEEP OUT OF THE REACH OF CHILDREN
WARNING**

STATEMENT OF PRACTICAL TREATMENTS:

If swallowed—Drink one or two glasses of water and induce vomiting by touching the back of the throat with finger or blunt object. Do not induce vomiting or give anything by mouth to an unconscious person. Get medical attention immediately if inhaled—Remove victim to fresh air and apply resuscitation if indicated. If on skin—Wash promptly with a gentle soap and water. Rinse thoroughly. If in eyes—Wash eyes for at least 15 minutes with water and call a physician immediately.

SEE LEFT PANEL FOR ADDITIONAL PRECAUTIONARY STATEMENTS.

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS WARNING

May be fatal if swallowed. Do not breathe vapor, fumes, dust, or spray mist. Do not get on skin. Do not contaminate feed or foodstuffs.

Personnel involved in handling the concentrate should take the following precautionary measures. Wash thoroughly with soap and water after handling and before eating or smoking. Clean clothing should be worn daily. Wear goggles or a face shield, chemical resistant apron, long sleeved shirt and long pants, or coveralls. Wear mid-forearm to elbow length chemical resistant gloves and a pesticide respirator approved by NIOSH and MSHA.

A committee of the National Academy of Sciences has stated that:

"There are no adequate data to show that these compounds are carcinogenic in humans, but because of their carcinogenicity in certain mouse strains and the extensive similarity of the carcinogenic action of chemicals in animals and in humans, the committee concluded that chlordane, heptachlor, and/or their metabolites may be carcinogenic in humans."

ENVIRONMENTAL HAZARDS

This product is toxic to fish and wildlife. Do not discharge into lakes, streams, ponds or public waters unless in accordance with a National Pollution Discharge Elimination System Permit. Do not discharge effluent containing this product to sewer systems without previously notifying the sewage treatment plant. For guidance contact your regional office of the Environmental Protection Agency

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

This product may not be used in the formulation of a product packaged in containers less than 1/2 gallon in size.

This product may not be used in the formulation of a product containing less than 4 lbs. technical chlordane per gallon.

The user is solely responsible for determination of suitability of the use of this product for any specific purpose, any manufacturing practice employed and adoption of such safety precautions as may be necessary.

STORAGE AND DISPOSAL

PROHIBITIONS:

Do not contaminate water, food, or feed by storage or disposal.

STORAGE

Store in original container in a well ventilated area separately from fertilizer, feed and foodstuffs. Avoid cross-contamination with other pesticides. Spillage or leakage should be contained and absorbed with clay granules, saw dust or equivalent material and disposed of as excess pesticide. Wash area of spill with detergent and water.

PESTICIDE DISPOSAL

Pesticide wastes are toxic. Triple rinse pesticide from container and use rinse in the pesticide application. Improper disposal of excess pesticide, mixture, or rinse is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL

After triple rinsing (or equivalent), offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities
