

VELSICOL TECHNICAL HEPTACHLOR

FOR MANUFACTURING PURPOSES ONLY

**KEEP OUT OF THE
REACH OF CHILDREN**

WARNING

See below for additional
precautionary statements

NET CONTENTS: 200 POUNDS

ACTIVE INGREDIENTS:

Heptachlor	74.0%
Related Compounds	26.0%
Total	100.0%

ACCEPTED
JUL 27 1960
376-290

STATEMENT OF PRACTICAL TREATMENT

If swallowed Drink one or two glasses of water and induce vomiting by touching the back of the throat with finger or blunt object. Do not induce vomiting or give anything by mouth to an unconscious person. Get medical attention immediately.

If inhaled Remove to fresh air at once and apply respiration indicated.
If on skin Wash promptly with a gentle soap and water. Rinse thoroughly.
If in eyes Rinse eyes a total of at least 15 minutes with water and call a physician immediately.

VELSICOL CHEMICAL CORPORATION 341 East Ohio Street Chicago, Illinois 60611

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

WARNING

May be fatal if swallowed. Avoid breathing vapors. Do not spray near food or feed. Do not contaminate feed or food stuffs.

Wash thoroughly with soap and water after handling and before eating or drinking. Do not use clothing used during work as protective clothing. Do not use clothing soiled during work as protective clothing. Approved by the Mining Enforcement and Safety Administration, the U.S. Bureau of Mines, and by the National Institute for Occupational Safety and Health under the provisions of 30 CFR Part 11.

An committee of the National Academy of Sciences has stated that there are no adequate data to show that these compounds are carcinogenic to rats and mice. There is no evidence of carcinogenicity in the rat. The carcinogenicity of the atmospheric particulate heptachlor epoxide and heptachlor epoxide is such that heptachlor epoxide and heptachlor epoxide may be considered to be carcinogenic.

ENVIRONMENTAL HAZARDS

The heptachlor epoxide is highly toxic to fish and aquatic life. It is also highly toxic to birds and mammals. It is highly toxic to bees and other beneficial insects. It is highly toxic to aquatic life. It is highly toxic to birds and mammals. It is highly toxic to bees and other beneficial insects.

DIRECTIONS FOR USE

Always use the correct concentration. See label for directions.

The user is advised to consult the label for information on the stability of the use of this product for any special purposes. The user is advised to employ and adopt such safety precautions as may be necessary.

IMPORTANT

Technical heptachlor epoxide is a solid depending upon the storage environment and weather conditions. The packaging of contents has no effect on residual activity. Contact Velsicol Chemical Corporation for a complete list of conditions.

STORAGE AND DISPOSAL

- 1. Prohibitions**
Do not contaminate water. Do not use for disposal of clothing or equipment. Open to appropriate authorities for safe disposal. Do not use for disposal of clothing or equipment.
- 2. Pesticide Disposal**
Do not use for disposal of water that cannot be used on chemically processed should be kept out of water supply and for pesticides or treated in a safe place away from water supply.
- 3. Container Disposal**
FIBER DRUMS OR PAPER BAGS They are to be used for disposal of clothing or equipment. Do not use for disposal of clothing or equipment.
METAL DRUMS They are to be used for disposal of clothing or equipment. Do not use for disposal of clothing or equipment.
- 4. General**
Do not use for disposal of clothing or equipment. Do not use for disposal of clothing or equipment.
