

DIRECTIONS FOR WASHING AND SANITIZING GLASSES

1. First TANK: Wash utensils and glasses whenever possible.
2. 1st TANK: Wash thoroughly in a solution of Richco Down-Drain Sanitizer.
3. 2nd TANK: Rinse with clear water.
4. 3rd TANK: Sanitize in a solution of 1/2 ounce (1 rounded tea spoonful) to 3 gallons of water (100 parts per million available chlorine). Immerse all utensils for at least two minutes or for contact time specified by governing sanitary code.
5. Place washed glasses and utensils on rack or drainboard to drain.

A 5 second exposure to 100 ppm available chlorine is equivalent to a 20 second exposure to 50 ppm available chlorine. This is in accordance with the Bactericidal Treatment Milk Ordinance & Code of the City of New York, as revised March 1964.

MADE IN U.S.A. UNDER THE REGULATIONS OF THE
NEW YORK STATE BOARD OF HEALTH
