USE DIRECTIONS:

DISINFECTION

For heavy duty cleaning and disinfecting and fungicidal activity against pathogenic fungi, use 4.5 ounces per gallon.

For best results, use LCS-200 with a cloth or mop and apply to walls, floors table tops, and counters.

SANITIZATION

For light duty cleaning, sanitizing a 📢 deodorizing, use 2 ounces per gallon. If used for sanitization of previous cleaned food contact items, limit the level to 200 ppm of quaternaries, (8 ounces per 5 gallons of water). Potable water rinse is required.

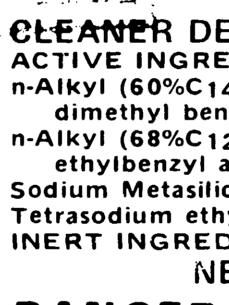

For extra heavy industrial cleaning and sanitizing, use a second application.

Do not mix with soap or anionic solutions.

This product is non-corrosive in use dilutions on inanimate hard surfaces.
