

## DIRECTIONS FOR USE

For use in water-cooling towers for control of algae and slime, add 1 or 2 pints of this product per 1,000 gallons of contained water as often as required by visual inspection, generally once per week in summer, less frequently in winter.

## PRECAUTIONS

Treated effluent waters may be harmful to fish and other aquatic life.

Do not add to water supplies that may be used for drinking purposes.

Keep container closed.

Rinse empty container thoroughly with water and discard it.

## CAUTION

Do not get in eyes, on skin, or on clothing.

If this product comes in contact with eyes, flush with water for at least 15 minutes and get medical attention. May cause skin irritation.

In case of contact, wash with soap and plenty of water. Wash thoroughly after using. Harmful if swallowed.

KEEP OUT OF REACH OF CHILDREN.
