

# DELNAV<sup>®</sup> 8

**EMULSIFIABLE SOLUTION**  
**CONTAINS 8 POUNDS / GALLON DELNAV**

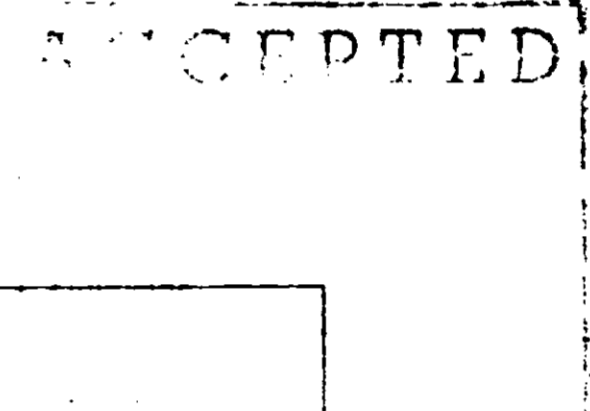

## INGREDIENTS

### ACTIVE INGREDIENTS:

Dicathion [2,3 p.dioxanedithiol S,S bis(0,0 dimethyl phosphorodithioate)]	PERCENT
Related compounds	54.2
Xylene range aromatic solvent	24.1
Benzene	7.0

### INERT INGREDIENTS:

	10.0
TOTAL	100.0

EPA REGISTRATION NO. 891-162 AA

KEEP OUT OF REACH OF CHILDREN

**DANGER  
POISON**

### STATEMENT OF PRACTICAL TREATMENT EMERGENCY

REMOVE PATIENT FROM DELNAV EXPOSURE  
 NEVER GIVE ANYTHING BY MOUTH TO AN UNCONSCIOUS PERSON  
 IF SWALLOWED. SEE "TREATMENT BY PHYSICIAN"  
 IF IN EYES, WASH EYES FOR AT LEAST 15 MINUTES  
 WHILE HOLDING THE EYELIDS OPEN  
 IF INHALED, MOVE THE PERSON TO UNCONTAMINATED AREA  
 IF SIGNS OR SYMPTOMS OF POISONING APPEAR, ADMINISTER ANTIDOTE  
 IF ON THE SKIN, REMOVE CONTAMINATED CLOTHING  
 AND IMMEDIATELY WASH THE SKIN WITH SOAP AND WATER  
 CALL A PHYSICIAN IMMEDIATELY  
 IN ALL CASES OF SUSPECTED POISONING  
 SEE SIDE PANELS FOR ADDITIONAL PRECAUTIONARY STATEMENTS

# PRECAUTIONARY STATEMENTS

## HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER

POISONOUS BY SKIN CONTACT, INHALATION, OR SWALLOWING

ABSORBED THROUGH SKIN

REPEATED EXPOSURE MAY, WITHOUT SYMPTOMS,

BE INCREASINGLY HAZARDOUS

DO NOT BREATHE VAPORS

Use with care. Do not breathe vapors. Do not get on face, on skin or clothing. Wear a protective respirator approved by the Mine Safety and Health Administration, formerly the U.S. Bureau of Mines, and by the National Institute for Occupational Safety & Health under the provisions of 30 CFR Part 11.

Wear clean protective clothing, heavy rubber gloves, and goggles. Remove contaminated clothing and wash thoroughly with soap and water. Do not eat or drink during exposure. Wash hands and face before eating or smoking. After use, bathe thoroughly and change to clean clothing.

Wash all contaminated clothing with soap and hot water before reuse.

During application, keep appropriate persons away from area being treated, where there may be drift. Do not use in late evening or at night.

**ALL ALPHAS AND IMMEDIATELY AVAILABLE FIRST AID FIRST AID INFORMATION.**

First aid symptoms: Irritation of the respiratory tract, coughing, difficulty breathing, dizziness, headache, nausea, vomiting, diarrhea, and skin irritation. If inhaled, get fresh air. If on skin, wash with soap and water. If in eyes, flush with water. If swallowed, do not induce vomiting. Get medical attention if symptoms persist or worsen. Keep quiet.

### Treatment By Physician:

When a physician is consulted, advise that the patient has been exposed to a pesticide. Do not induce vomiting unless directed to do so by a physician. If the patient is unconscious, do not give anything by mouth. If the patient is breathing, give oxygen. If the patient is not breathing, give artificial respiration. If the patient is having difficulty breathing, give oxygen. If the patient is having difficulty breathing, give oxygen. If the patient is having difficulty breathing, give oxygen.

respond satisfactorily to atropine, give 1 gram of 2-PAM intravenously.

Artificial respiration and oxygen administration may be necessary. Decontaminate skin, stomach, and eyes as indicated. A mild degree of atropinization should be maintained for 24-48 hours, and the patient should be observed continuously for 48 hours and treated symptomatically. Respiratory irritation caused by inhaling the formulation should be treated symptomatically.

## ENVIRONMENTAL HAZARDS

This product is toxic to fish, shrimp, crab, birds, and other wildlife. Keep out of lakes, streams, ponds, tidal marshes, and estuaries.

Shrimp and crab may be killed at application rates recommended on this label. Do not apply where these are important resources.

Do not apply where runoff is likely to occur.

Do not apply when weather conditions favor drift from areas treated.

Do not contaminate water by cleaning of equipment or disposal of wastes.

Apply this product only as specified on this label.

## PHYSICAL OR CHEMICAL HAZARDS

**Do not use, pour, or store near heat or open flame.** In case of spillage, cover with an absorbent such as soda ash, lime, clay, or sawdust. Sweep up and bury. Wash area thoroughly with strong detergent solution.

**BE CAREFUL AND WARN THE USER TO BE CAREFUL. NOTICE TO DEALERS, HANDLERS, IN CASE OF FIRE, LEAKY PER, DAMAGED DRUMS, OR OTHER EMERGENCY, REPORT AT ONCE BY TOLL FREE TELEPHONE TO 800-424-9300.**

**NONWARRANTY:** This product is sold as a pesticide. It is not intended for use as a fertilizer, soil conditioner, or any other purpose. The user assumes all responsibility for the proper use of this product. The manufacturer does not warrant the performance of this product under any conditions. The user should read the label carefully and follow the directions. The manufacturer does not warrant the performance of this product under any conditions. The user should read the label carefully and follow the directions.

# DIRECTIONS FOR USE

If in violation of Federal law, use this product only on the pests listed with the labeling.

## STORAGE AND DISPOSAL

**NOT** for use or storage near around the home environment.

**DESTROY** all containers when empty by punching holes in them and burying with wastes. Do not burn. Burn equipment and containers and all other wastes by burying in not deep and away from water supply. Keep containers closed when not in use. Do not use for other than intended purposes.

**PEACHES, CHERRIES, FLOWERS, PLUMS, AND APRICOTS:** For control of the pest, use 1/2 to 1 pint Emulsifiable Concentrate in 100 gallons of water, or not apply after fruit begins to form before harvest, or for control of the pest on the fruit at harvest.

**APPLES, PEARS, AND QUINCES:** For control of the pest, use 1/2 to 1 pint Emulsifiable Concentrate in 100 gallons of water, or not apply after fruit begins to form before harvest, or for control of the pest on the fruit at harvest. For control of the pest on the fruit at harvest, use 1/2 to 1 pint Emulsifiable Concentrate in 100 gallons of water, or not apply after fruit begins to form before harvest, or for control of the pest on the fruit at harvest.

For control of the pest, use 1/2 to 1 pint Emulsifiable Concentrate in 100 gallons of water, or not apply after fruit begins to form before harvest, or for control of the pest on the fruit at harvest.

**CITRUS (orange, grapefruit, lemon, lime, tangelo, and tangerine):** For control of the pest, use 1/2 to 1 pint Emulsifiable Concentrate in 100 gallons of water, or not apply after fruit begins to form before harvest, or for control of the pest on the fruit at harvest.

For control of the pest, use 1/2 to 1 pint Emulsifiable Concentrate in 100 gallons of water, or not apply after fruit begins to form before harvest, or for control of the pest on the fruit at harvest.

**GRAPES:** For control of the pest, use 1/2 to 1 pint Emulsifiable Concentrate in 100 gallons of water, or not apply after fruit begins to form before harvest, or for control of the pest on the fruit at harvest.

For control of the pest, use 1/2 to 1 pint Emulsifiable Concentrate in 100 gallons of water, or not apply after fruit begins to form before harvest, or for control of the pest on the fruit at harvest.

**ORNAMENTALS:** For control of the pest, use 1/2 to 1 pint Emulsifiable Concentrate in 100 gallons of water, or not apply after fruit begins to form before harvest, or for control of the pest on the fruit at harvest.

**DO NOT:** Use this product on any other crop or plant not listed on the label.

**WARRANTS:** This product is sold as a pesticide. It is not intended for use as a fertilizer, soil conditioner, or any other purpose. The user assumes all responsibility for the proper use of this product. The manufacturer does not warrant the performance of this product under any conditions. The user should read the label carefully and follow the directions.

## PRECAUTIONARY STATEMENTS

### TO HUMANS AND DOMESTIC ANIMALS

#### DANGER

#### AVOID SKIN CONTACT OR SWALLOWING

#### AVOID CONTACT THROUGH SKIN

#### SYMPTOMS MAY OCCUR WITHOUT SYMPTOMS.

#### EXTREMELY HAZARDOUS

#### AVOID INHALED VAPORS

Caution: May be fatal if swallowed and enters airways. Avoid contact with skin or clothing. Wear protective clothing by the Manufacturer's instructions and only the U.S. Environmental Protection Agency's label. Wash thoroughly after use.

Wash thoroughly with soap and water. Remove contaminated clothing and wash separately. Do not eat, drink, or use tobacco products before eating, drinking, or using tobacco. Change contaminated clothing. Wash contaminated clothing with soap and hot water.

Do not use, pour, or store near heat or open flame. In case of fire, use dry powder extinguisher such as soda ash. Do not use on lawns. Sweep up and bury. Wash in a thoroughly with strong detergent.

BE CAREFUL AND WARN THE USER TO BE CAREFUL

DO NOT GET IT ON YOUR HANDS. IN CASE OF FIRE, LEAKY OR SPILLED, DRINKS, OR OTHER EMERGENCY, REPORT AT ONCE BY TELEPHONE TO PHENAC 1-800-421-9300

### Physician:

Acute symptoms include nausea, vomiting, diarrhea, and abdominal pain. In case of fire, use dry powder extinguisher such as soda ash. Do not use on lawns. Sweep up and bury. Wash in a thoroughly with strong detergent.

Report satisfactory treatment give 1 gram of 2-PAM intravenously.

Acute symptoms include nausea, vomiting, diarrhea, and abdominal pain. In case of fire, use dry powder extinguisher such as soda ash. Do not use on lawns. Sweep up and bury. Wash in a thoroughly with strong detergent.

## ENVIRONMENTAL HAZARDS

This product is toxic to fish, shrimp, crab, birds, and other wild life. Keep out of lakes, streams, ponds, tidal marshes, and estuaries.

Shrimp and crab may be killed at application rates recommended on this label. Do not apply where there are important fisheries.

Do not apply where runoff is likely to occur. Do not apply where weather conditions favor drift from areas treated.

Do not contaminate water by cleaning of equipment or disposal of wastes.

Apply this product only as specified on this label.
