**GERMOTOX Air Deodorant  
DIRECTIONS**

Spray or diffuse Germotox full strength for 10-15 seconds in the air to treat smoke or unpleasant odors.

Germotox used in the Pioneer Mist-Maker is the easy way to help remove odors, germ-laden dust, and lint from the air. The result is a clean, pleasant, refreshing atmosphere.

In gymnasiums, wash the odors away using a Mist-Maker after each use of the facility. Spray wrestling mats after each use to control germs and odors.

Germotox for treating and refreshing the odor of mops: after laundering and when yarn is dry; spray on yarn and allow to dry.

**E.P.A. REGISTRATION NO. 892-26**

By the A.O.A.C. Use-Dilution Method, Germotox used as recommended, undiluted shows germicidal activity against *Salmonella Choleraesuis*, *Staphylococcus Aureus* and *Pseudomonas Aeruginosa*.

**CAUTION**

Keep out of Reach of Children. Harmful if swallowed. Avoid spraying in eyes. In case of contact, immediately flush eyes with plenty of water for 15 minutes. If irritation persists, get medical attention. Avoid contamination of feed and foodstuffs.

## Disinfectant — Deodorant DIRECTIONS

GERMOTOX as a disinfectant: use full strength on previously cleaned surfaces. Submerge or spray thoroughly articles to be treated, and allow to stand 10 minutes. Wipe dry and rinse with clear water.

GERMOTOX as a deodorant: Wash or mop with Germotox contacting sources of odor. On any treated food contact surface, rinse with potable water, thoroughly.

GERMOTOX is an excellent disinfectant-deodorant for tables, floors, walls, toilet seats, bedpans, urinals and washbasins.

GERMOTOX odor control: In the classroom spray on vomit to prevent the unpleasant odor from spreading while waiting for the vomit to be cleaned up. In the nursing home, spray bed sheets before removal to prevent odors from escaping while removing to be cleaned; in locker rooms spray locker lightly before storing clothing, shoes and equipment away.

GERMOTOX is authorized for use under USDA Consumer and Marketing Service inspection programs for poultry, meat, rabbit, and egg product plants.

Rinse empty container with water before discarding.
