

**FOR INDUSTRIAL AND INSTITUTIONAL USE BY TRAINED PERSONNEL ONLY**

PLUS-2 when used as directed on environmental surfaces kills the following organisms:

Aspergillus niger	Acinetobacter baumannii	Staphylococcus aureus
Brevibacterium aerogenes	Clostridium difficile	Staphylococcus epidermidis
Enterobacter aerogenes	Clostridium perfringens	Staphylococcus saprophyticus
Klebsiella pneumoniae	Clostridium sporadicum	Streptococcus pneumoniae
Pseudomonas aeruginosa	Clostridium tetani	Streptococcus pyogenes

**DIRECTIONS FOR USE**

Apply evenly over surface. Wipe clean. Do not use on porous surfaces. Allow to remain up to a minute before wiping. To disinfect: Apply to hard surfaces. Apply to surfaces with a cloth or mop so as to thoroughly wet all surfaces. Treated surfaces should be allowed to remain wet for 10 minutes. In heavily soiled areas, a preliminary cleaning is required. Use a fresh solution daily. A watered solution becomes visibly dirty. Then wipe clean. Apply again. Wipe gently with a clean cloth. **DO NOT DRY.** After using on food processing equipment and food contact surfaces, thoroughly rinse with potable water. No rinse is required on non-food contact surfaces and equipment.

Do not mix with soap and/or amine based products as it will lose its germicidal properties. It is a violation of Federal law to use this product on any surface not listed on this labeling.

**TO KILL VIRUS PLUS-2** when used on environmental surfaces is effective against Influenza A (the Hong Kong Flu Virus).

**TO KILL FUNGUS PLUS-2** is effective against mold and mildew.

**TO PREVENT MILDEW PLUS-2** prevents the growth of mold and mildew on hard surfaces for seven days. Apply and clean but do not rinse. Repeat application every seven days to control recurrence of growth. PLUS-2 can also be used for removing spots from rugs and carpets. Apply to the spot, allow to remain one minute, and wipe clean. No disinfecting properties are claimed for PLUS-2 when this product is used for spotting rugs.

Used on: COUNTER TOPS • PLASTIC SURFACES • SINK • BATHTUBS • SHOWER • WALLS • TABLE TOPS • PORCELAIN • ENAMELED SURFACES • LEATHER • LATHERETTE • LINEN • PLASTIC

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**WARNING:** Keep out of Reach of Children. Avoid contact with eyes, nose, mouth, or skin. Harmful if swallowed.

**STATEMENT OF PRACTICAL TREATMENT**

In case of contact immediately flush out with plenty of water for at least 15 minutes. For eyes call a physician. Remove and wash all contaminated clothing before reuse. If swallowed drink milk, egg whites, gelatin solution or if these are not available drink several glasses of water. Call a physician.

**NOTE TO PHYSICIAN:** Probable cause of eye irritation is contact with eyes. Gastric lavage. Measures against circulation shock, respiratory failure, and other complications.

First Aid: Flush with water. Do not induce vomiting.

**STORAGE AND DISPOSAL**

Store in original container. Do not use if container is damaged or leaking.

**PROHIBITIONS:** Do not use on food contact surfaces.

**PESTICIDE DISPOSAL:** See label for disposal instructions.

**CONTAINER DISPOSAL:** See label for disposal instructions.

**GENERAL:** See label for additional information.
