CONTENTS UNDER PRESSURE

This spray is a powerful disinfectant — effective against most gram positive and gram negative organisms.

Effective against resistant strains of:
E. coli — S. typhosa — Staph. aureus
— S. schottmuelleri — Shigella
paradysenteriae — Streptococcus
pyogenes — M. tuberculosis —
Pseudomonas aeruginosa — Proteus
vulgaris — Most Fungi — Plus many
other common organisms.

This spray is an active deodorizer, destroying odor producing bacteria. Use to disinfect urinals, toilet seats, wash bowls, shower stalls, bath fixtures, telephones, bed frames and springs, litters, laundry chutes, door knobs, light switches, diaper pails, refuse and garbage cans and lockers.

DIRECTIONS

Shake before using.

Read all precautions before using.

For Disinfecting:

Hold dispenser 6" to 8" from surface. Spray surface 3 seconds or until thoroughly wet.

For Deodorizing:

Hold dispenser upright, pointing opening in valve away from face. Spray into air, towards center of room for 3 to 5 seconds.

To use as a sanitizer and deodorant for bowling shoes, ice skates, golf shoes and protective headgear, spray directly onto all surfaces.

For use in hospitals, meeting rooms, schools and wherever the spread of germs is possible.
