CONTENTS UNDER PRESSURE

NET WEIGHT: 13.5 OZ. AV.

## DIRECTIONS FOR USE

1. Shake gently before using.
2. Remove protective cap. Hold can upright, and point nozzle away from you.
3. Press button to spray.
4. Spray plants from a distance of 10 to 12 inches, spraying in short 1 or 2 second bursts.
5. FOR BEST RESULTS: Spray in evening or on cloudy day when air is still. Spraying should begin when insects first appear and should be repeated as needed.

## GENERAL INFORMATION

This spray may be used on African Violets, Begonias, Camellias, Carnations, Chrysanthemum, English Ivy, Geraniums, Crassula, Kentia Palm, Roses, Rubber Plants, Snapdragons.

Kills the following sucking insects: leaf hoppers, certain aphids, spotted mites, white flies and mealy bugs when sprayed directly on the insects.
