KEEP OUT OF REACH OF CHILDREN CAUTION CAUCIÓN

PRECAUCION AL USUARIO: Si usted no lee Ingles, no use este producto hasta que la etiqueta haya sido explicado ampliamente.

STATEMENT OF PRACTICAL TREATMENT

IF SWALLOWED: Call a physician or Poison Control Center immediately. Drink one or two glasses of water and induce vomiting by touching back of throat with finger. Repeat until vomit fluid is clear. Do not induce vomiting or give anything by mouth to an unconscious or convulsing person.

IF INHALED: Remove victim to fresh air. Apply artificial respiration if indicated.

IF ON SKIN: Remove contaminated clothing. Wash affected area with soap and water. Launder clothing before reusing.

IF IN EYES: Flush with plenty of water. Get medical attention if irritation develops.

NOTE TO PHYSICIAN: If signs of cholinesterase inhibition are present, administer atropine sulfate intravenously. Do not use 2-PAM, opiates, or cholinesterase inhibiting drugs.

SEE SIDE PANEL FOR ADDITIONAL PRECAUTIONARY STATEMENTS.

NET CONTENTS: 1 GALLON LIQUID

NON-FOOD AREAS: Includes garbage rooms, lavatories, floor drains (to sewers), entries and vestibules, offices, locker rooms, machine rooms, boiler rooms, garages, mop closets and storage (after canning or bottling).

Apply to baseboards areas, around water pipes, surfaces behind and beneath sinks, lockers, tables, pallets and similar areas where insects hide or through which they may enter.

DO NOT APPLY AS A SPACE SPRAY.

B.G.N. HOUSEHOLD INSECT SPRAY is a highly effective new formulation which provides rapid kill of crawling insects listed below, including those resistant to certain chlorinated hydrocarbon and phosphate insecticides.

Ants	Brown dog ticks
Fleas	Millipedes
Roaches	Sowbugs
Spiders	Scorpions
Saw-toothed grain beetles (exposed stage)	Clover Mites
Earwigs	Silverfish
	Crickets

In addition to rapid kill, B.G.N. Household Spray stays on treated surfaces and kills insects for up to two weeks after the spray deposit has dried.

HOW TO USE: B.G.N. Household Insect Spray is ready to use undiluted as it comes from the can, and may be applied with either power-operated or hand sprayers. Apply as a coarse spray to infested surfaces until wet, moving the spray stream rapidly enough to prevent excessive wetting of surfaces and waste of material. Direct spray away from people, plants and pets.

RESTRICTIONS: Do not apply to rugs, carpets, draperies, wallpaper, or similar materials that may be stained. Avoid excessive wetting of plastic, rubber and asphalt surfaces such as tiles and floor coverings. Do not allow the small, finger-operated, plastic attachment type sprayer to remain in B.G.N. Insect Spray solution for extended periods as the plastic sprayer may be damaged.

OUTDOOR USE:

ANTS, CLOVER MITES, CRICKETS, EARWIGS, FLEAS, MILLIPEDES, SOWBUGS, AND BROWN DOG TICKS: Spray infested areas thoroughly including outside surfaces of screens, doors, window frames, foundations, patios, or other places where insects may enter. For ants, spray hills and runways. Repeat as necessary. Do not spray vegetation.

INDOOR USE:

ANTS, COCKROACHES, CRICKETS, SILVERFISH, SPIDERS, SCORPIONS, WATERBUGS: Spray into cracks, crevices and around baseboards. Apply behind and beneath cabinets, refrigerators, sinks, stoves, and in and around waste containers. Repeat as needed. Do not spray foodstuffs or house plants. For ants, spray trails and places where ants enter premises. Do not allow children to contact treated areas until surfaces are thoroughly dry.

BROWN DOG TICKS: Spray sleeping quarters of pets, around baseboards, window and door frames, wall cracks, and local areas of floors. Repeat as needed. Fresh bedding should be placed in animal quarters after spraying.

LIMITED WARRANTY: BUYER ASSUMES ALL RISKS OF USE, STORAGE OR HANDLING OF THIS MATERIAL NOT IN STRICT ACCORDANCE WITH DIRECTIONS GIVEN HERewith.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS & DOMESTIC ANIMALS. CAUTION—May be harmful if swallowed, inhaled or absorbed through the skin. Avoid breathing vapors of spray mist and provide adequate ventilation of area being treated. Avoid contact with eyes, skin or clothing. Do not take internally. Wear gloves and long-sleeved work clothing. Wash thoroughly after handling. Change to clean clothing daily. Wash hands and face before eating and smoking. Do not contaminate food or feed. Avoid storage near food or feed products. Keep children and pets out of and off treated areas until spray has dried. Remove pets and cover fish bowls before spraying. Avoid contamination of food, utensils and food preparation areas.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish and wildlife. Birds feeding on treated area may be killed. Do not apply directly to water or wetlands. Do not apply where runoff is likely to occur or when weather conditions favor drift from treated areas. Cover bird baths and fish ponds. Do not contaminate water by cleaning of equipment or disposal of wastes.

PHYSICAL OR CHEMICAL HAZARDS

Do not use or store near heat and open flame.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

STORAGE & DISPOSAL

Do not contaminate water, food or feed by storage or disposal. **STORAGE:** Store in tightly closed, original container in a locked area away from children and domestic animals. Do not reuse empty container. For disposal, securely wrap original container in several layers of newspaper and discard in trash.

DIRECTIONS FOR USE IN FOOD HANDLING ESTABLISHMENTS

USE IN FOOD HANDLING ESTABLISHMENTS: Places other than private residences in which exposed food is held, processed, prepared or served.

FOOD AREAS—APPLICATION LIMITED TO CRACK AND CREVICE TREATMENT ONLY. Includes areas for receiving, storage, packing (canning, bottling, wrapping, boxing) preparing, edible waste storage and enclosed processing systems (mills, dairies, edible oils, syrups). Serving areas (when food is exposed and facility is in operation) also would be considered a food area.

Apply in small amounts directly into cracks and crevices using equipment capable of delivering a pin stream in points between different elements of construction, between equipment and floors, openings leading to voids and hollow spaces in walls, equipment legs and bases, conduits, motor housings, junction or switch boxes, where Roaches, Ants and Waterbugs hide.

Prior to application de-energize electrical equipment. After application, allow time for oil to evaporate before starting motors or placing switches in "on" position.

APPLICATIONS OF THIS PRODUCT IN THE FOOD AREAS OF FOOD HANDLING ESTABLISHMENTS OTHER THAN AS A CRACK AND CREVICE TREATMENT ARE NOT PERMITTED. SERVING AREAS: Facilities where prepared foods are served, such as dining rooms, but excluding areas where foods may be prepared or held.

Apply as a spot treatment to selective surfaces such as baseboards, under elements of construction into cracks and crevices. Avoid treating surfaces likely to be contacted by food. (Do not apply when facility is in operation or foods are exposed.)
