NET WEIGHT ONE POUND

TOMATO and VEGETABLE DUST OR SPRAY

DIRECTIONS

Please Read Entire Label Before Using

For control of common insects and diseases on the following vegetables: tomatoes, eggplant, celery, cucumbers, melons, beans, strawberries, grapes, and other vegetables.

DUSTING: Apply dust to the undersides of leaves and to the fruit. Use a hand duster or a backpack sprayer. Do not breathe the dust.

SPRAYING: Prepare a spray solution by mixing the dust with water in a tablespoon of material. Add dust to the water in a glass bottle and shake. Mix thoroughly. Spray with a spray nozzle designed for garden use. If it makes 10 gallons of spray, AGITATE SPRAY WHILE USING. Do not store mixed spray.
