TURF FUNGICIDE 50% Wettable Powder

An Organic Fungicide for:

- Lawns & Turf

Controls:

- Helminthosporium Disease (Melting-out, Leaf Spot)
- Copper Spot
- Sclerotinia Dollar Spot
- Snow Mold (Typhula Sp.)
- Rust
- Brown Patch

Contains:
Dyrene

EPA Est.
904-NJ-2

ACTIVE INGREDIENT:	
4,6-Dichloro-N-(2-chlorophenyl)-1,3,5-triazin-2-amine	50%
INERT INGREDIENTS	50%
TOTAL	100%

EPA Reg. No. 904-229
Dyrene Trademark of Baychem Corporation
U. S. Patent Nos. 2,720,480 & 3,074,946

CAUTION: KEEP OUT OF REACH OF CHILDREN

See back panel for complete caution statement.

NET WEIGHT: ONE POUND

TURF FUNGICIDE is a wettable powder that mixes with water to make a turfgrass spray to prevent: *Brown Patch; Copper Spot; Dollar Spot; Leaf Spot; Melting-out; Rust; and Snow Mold (Typhula Sp.)*

DILUTION RATE: ¼-½ pound in 5 gallons of water per 1,000 sq. ft. (50' x 20')

For a Preventive Program: Begin applications before diseases appear; and repeat at 10 to 14 day intervals throughout the spring and summer months – except during extended periods of cool, moist conditions. During these weather conditions, repeated applications at 7-day intervals are advised.

For control of Snow Mold: Apply spray at lower specified rate after the first killing frost in the Fall. Make a second application when the turf is free of snow in mid-Winter. A third application should be made after the final snow has melted in the early Spring.

Schedule applications in accordance with local conditions. Consult your Country Agricultural Extension Service for specific timing of applications.

CAUTION: Harmful if swallowed or inhaled. Avoid contact with skin, eyes, or clothing. Avoid breathing of dust or spray mist. Wash thoroughly with soap and warm water after handling. Wash contaminated clothing with soap and hot water before re-using. Do not contaminate feed or food. Keep out of reach of children.

ENVIRONMENTAL CAUTION: This product is toxic to fish. Keep out of lakes, streams, or ponds. Do not contaminate water by cleaning of equipment or disposal of wastes. Do not apply where runoff is likely to occur. Do not apply when weather conditions favor drift from treated areas. Use this product only in a manner described on this label.

Do not re-use empty container: Wrap small containers in newspaper and place in trash can for disposal. Destroy larger containers by burying with waste or burning. Stay away from smoke or fumes.

NOTICE: Buyer assumes all risks of use, storage or handling of this material not in strict accordance with directions given herewith.
