PRECAUTIONARY STATEMENT

HAZARDS TO HUMANS

CAUTION

May be irritating. Avoid contact with skin or eyes. In case of contact with skin or eyes, wash with plenty of water. Wash thoroughly after using. If irritation persists, get medical attention. Avoid contamination of food.

ENVIRONMENTAL HAZARD

Do not contaminate water by cleaning of equipment or disposal of wastes. Apply this product only as specified on this label.

Do not reuse container. Destroy by perforating or crushing and burying in a safe place away from water supplies. Return drums to reconditioner.

PHYSICAL HAZARD

Do not spray or store near open flame. Keep container tightly closed.

SINCE 1904
TM

**EMULSIFIABLE
ROACH
REPELLENT
CONCENTRATE**

For Use By Trained Personnel Only In Dwellings, Institutions, Boxcars, Trucks, And Non-Food Areas of Restaurants And Food Processing Plants.

RESIDUALLY REPELS ROACHES

ACTIVE INGREDIENTS	BY WEIGHT
*2-Hydroxyethyl-n-octyl Sulfide	4.75%
*Other related compounds25%
+N-octyl bicycloheptene dicarboximide	10.00%
Petroleum distillate	75.00%
INERT INGREDIENTS	10.00%
	TOTAL 100.00%

*From MGK Repellent 874, Technical. U. S. Patent No. 2,863,799.

+MGK 264 Insecticide Synergist.

KEEP OUT OF REACH OF CHILDREN

CAUTION

See side panel for additional cautions.

DIRECTIONS FOR USE

Dilute PRATT EMULSIFIABLE ROACH REPELLENT CONCENTRATE at the rate of 1 part plus 4 parts of water. (Add 26 oz. to 102 oz. of water to make 1 gallon working solution.) Stir into solution after diluting with water. Cover or remove exposed food. Apply as a wet spray to surfaces infested by roaches. For roaches, apply to hidden surfaces under sinks, behind stoves and refrigerators, behind cabinets, around pipes, under pallets, and inside surfaces of boxcars and trucks. Apply into and around cracks and crevices, equipment legs and bases. Frequent repeat treatments may be necessary. Allow spray to dry before reusing treated areas for storage. Any utensils contacted should be washed thoroughly before reuse.

Do not use in edible products areas of food processing plants, restaurants or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed.
