Dear Ms. Maitland:

Subject: Amendment - Label Update
Agrisect Brand Diazinon .5% per MIL-I-21177A
(Ships)
EPA Registration No. 904-304
Your Application Dated January 15, 1985

The amendment referred to above, submitted in connection with registration under FIFRA sec. 3(c)(7)(A), is acceptable, provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data.
2. Make the labeling changes listed below before you release the product for shipment bearing the amended labeling:
 - a. Revise Environmental Hazards; the pattern of use given on your label does not suggest that the hazards listed will be encountered. Revise to read "This pesticide is toxic to fish, birds and other wildlife. Do not apply directly to any body of water. Do not contaminate water by cleaning of equipment or disposal of wastes. Apply this product only as directed on this label."
 - b. Delete "& under" at "(1 gallon & under)."
 - c. Change "FOR USE AGAINST ROACHES RESISTANT TO CHLORINATED HYDROCARBONS. MAY ALSO BE USED AGAINST RATS" to "FOR USE AGAINST ROACHES AND ANTS."
 - d. Move paragraph beginning "Apply without dilution" to directions for NON-FOOD areas. Also, delete the phrase "... to the point of runoff (approximately 1 gallon per 1000 sq ft.)" This product is for spot treatment only, not broadcast application.

- e. Please submit verification that this product formulation meets the requirement of MIL-I-21177A (Ships).
 - f. We recommend that you declare the entire amount of petroleum distillate, isoparaffinic and heavy aromatic naphtha, as one combined total under the name petroleum distillate.
 - g. We are uncertain as to the name of this product. Your application for pesticide amendment has it as "Pratt Diazinon .5% Per MIL-I-21177A (Ships)." Your draft label has a much longer name. Please clarify.
3. Submit five (5) copies of your final printed labeling before you release the product for shipment.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product bearing the amended labeling constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely yours,

George T. LaRocca

CAUTION

CAUCIÓN

AUG 15 1985

PRECAUCION AL USUARIO:

Si usted no lee ingles, no use este producto hasta que la etiqueta haya sido explicado ampliamente.

Under the Federal Insecticide,
Fungicide, and Rodenticide Act
has amended, for the pesticide
registered under EPA Reg. No.
904-304

STATEMENT OF PRACTICAL TREATMENT

IF SWALLOWED:

Call a physician or Poison Control Center immediately. DO NOT INDUCE VOMITING. Vomiting may cause aspiration pneumonia.

NOTE TO PHYSICIAN:

Solvent presents aspiration hazard. Gastric lavage is indicated if material was taken internally. If symptoms of cholinesterase inhibition are present, intravenous injection of atropine sulfate is antidotal. 2-PAM is also antidotal and may be administered in conjunction with atropine.

IF INHALED:

Remove victim to fresh air. Apply respiration if indicated.

IF ON SKIN:

Remove contaminated clothing and wash affected area with soap and water. Launder clothing before reusing.

IF IN EYES:

Wash eyes with plenty of water. Call a physician immediately.

SEE BACK PANEL FOR ADDITIONAL PRECAUTIONARY STATEMENTS.

PRECAUTIONARY STATEMENTS

PM 15
#4 of 5

Hazards to Humans and Domestic Animals: CAUTION: Harmful if swallowed, inhaled or absorbed through the skin. Do not breathe spray mist or vapors. Avoid contact with skin, eyes, or clothing. Wash thoroughly after handling. Do not contaminate food or feed. Keep children and pets off treated areas until spray has dried. Do not use on humans or household pets. Utensils such as teaspoons and cups used to measure pesticides should not be used for food products.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish and wildlife. Birds feeding on treated areas may be killed. Do not apply directly to water or wetlands. Do not apply where runoff is likely to occur or when weather conditions favor drift from treated areas. Cover bird baths and fish ponds. This product is highly toxic to bees exposed to direct treatment or to residues remaining on treated areas. Do not apply when honey bees are actively visiting the crop, or weeds blooming in the treatment area. Applications should be timed to provide the maximum possible interval between treatment and the next interval period of bee activity.

PHYSICAL OR CHEMICAL HAZARD

Do not use, pour or store near heat or open flame.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its label.

STORAGE & DISPOSAL (1 Gallon & Under)

Do not contaminate water, food or feed by storage or disposal. STORAGE: Store in tightly closed, original container in a locked area away from children and domestic animals. Do not reuse empty container. For disposal, securely wrap original container in several layers of newspaper and discard in trash, or at an approved waste disposal facility.

STORAGE & DISPOSAL (Over 1 Gallon)

Do not contaminate water, food or feed by storage or disposal. STORAGE: Store in tightly closed, original container in a locked area away from children and domestic animals. PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility. CONTAINER DISPOSAL: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.

DIRECTIONS

FOR USE AGAINST ROACHES RESISTANT TO CHLORINATED HYDROCARBONS. MAY ALSO BE USED AGAINST RATS.

Apply without dilution as a strip treatment to cracks, crevices and other roach harborages and to ant runways. Use coarse, wet spray and apply until the surface is wet to the point of runoff (approximately 1 gallon per 1,000 sq. ft.). Re-apply only when reinfestation is noted. Do not use for space spray or for residual treatments covering extensive indoor surfaces such as entire bulkheads and overheads.

USE IN FOOD HANDLING ESTABLISHMENTS - Places other than private residences in which exposed food is held, processed, prepared or served.

Reg 904-304
P. 15
1-5085

FOOD AREAS - APPLICATION LIMITED TO CRACK AND CREVICE TREATMENT ONLY - Includes areas for receiving, storage, packing (canning, bottling, wrapping, boxing), preparing, edible waste storage and enclosed processing systems (mills, dairies, edible oils, syrups). Serving area (when food is exposed and facility is in operation) also would be considered a food area.

Apply in small amounts directly into cracks and crevices using equipment capable of delivering a pin stream in points between different elements of construction, between equipment and floors, openings leading to voids and hollow spaces in walls, equipment legs and bases, conduits, motor housings, junction or switch boxes where Roaches, Ants and Waterbugs hide.

Prior to application de-energize electrical equipment. After application, allow time for oil to evaporate before starting motors or placing switches in "on" position.

APPLICATIONS OF THIS PRODUCT IN THE FOOD AREAS OF FOOD HANDLING ESTABLISHMENTS OTHER THAN AS A CRACK AND CREVICE TREATMENT ARE NOT PERMITTED.

SERVING AREAS - Facilities where prepared foods are served, such as dining rooms, but excluding areas where foods may be prepared or held.

Apply as a spot treatment to selective surfaces such as baseboards, under elements of construction into cracks and crevices. Avoid treating surfaces likely to be contacted by food. Do not apply when facility is in operation or foods are exposed.

NON-FOOD AREAS - Includes garbage rooms, lavatories, floor drains (to sewers), entries and vestibules, offices, locker rooms, machine rooms, boiler rooms, garages, mop closets and storage (after canning or bottling).

Apply to baseboard areas, around water pipes, surfaces behind and beneath sinks, lockers, tables, pallets, and similar areas where insects hide or through which they may enter.

LIMITED WARRANTY: Buyer Assumes All Risks Of Use, Storage And Handling Of This Material Not In Strict Accordance With Directions Given Herewith.
