NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

Cook's Laboratory Products  
7727 W. 111th

904-978

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data.

2. Make the labeling changes listed below before you release the product for sale:

- a. Add the phrase, "EPA Registration No. 909-98" to your label before you release the product for shipment.
- b. Under "Warnings to Users and Domestic Animals" correct the type size to skin.
- c. Correct the ingredient label format to read as follows:

Name of Ingredient . . . . . 3

TOTAL . . . . . 10-08

ATTACHMENT IS APPLICABLE

**BEST AVAILABLE COPY**

SIGNATURE OF APPROVING OFFICIAL

DATE

3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

**PRECAUTIONARY STATEMENTS**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**DANGER: Corrosive. Causes eye and skin irritation. Do not get in eyes, on skin or clothing. May cause allergic (skin) reaction. Wear goggles or face shield and rubber gloves when handling. Harmful or fatal if swallowed. Do not breathe spray mist. Wash thoroughly after handling. Do not contaminate feed or foodstuffs.**

**STATEMENT OF PRACTICAL TREATMENT**

In case of eye contact, wash with water for at least 15 minutes and seek medical attention. In case of skin contact, wash with plenty of soap and water. Get medical attention if skin irritation persists. If ingested, do not induce vomiting. Drink milk, egg whites or gelatin. If not available, drink plenty of water. If inhaled, remove victim to fresh air.

Note to Physician: There is no specific antidote. If ingested, do not induce emesis and take care to avoid aspiration of stomach contents during gastric lavage. Give a saline laxative and supportive therapy.

**ENVIRONMENTAL HAZARDS**

This product is toxic to fish. Keep out of any body of water. Do not contaminate water used for irrigation or domestic purposes. Do not contaminate water when disposing of equipment washwaters. Apply this product only as specified on this label.

**PHYSICAL OR CHEMICAL HAZARDS**

Do not use, pour, spill or store near heat or open flame.

**DIRECTIONS FOR USE**

**BEST AVAILABLE COPY**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**NOT FOR USE ON LAWNS . . . KILLS GRASS**

**Read Cautions First! Shake well before using.**

1. Mix 3/4 to 1 pint per gallon of water in sprayer or sprinkler applicator. If sprayer is used, work at lowest possible pressure and use large nozzle opening to give large droplets.
2. Apply one gallon of mixed spray per 100 to 133 sq. ft. On scattered weeds wet all foliage to the ground. Full wetting is essential for good control. New shoots from deep rooted perennials such as Canada Thistle and Milkweed may require repeat spraying. Make application when weeds are young and actively growing. Action is slow if ground is dry or plants wilted.
3. Apply along fence lines, gravel drives, patio blocks, and around buildings where no growth is desired. Kills grass and broadleaf weeds. Do not use on lawns. Some species such as Oxalis may not be completely killed. Annual weeds may sprout from seed 3 or 4 months following treatment. Tall weeds should be cut first as the dead foliage is a fire hazard.
4. Activity is apparent on plants in a few days but final kill by root penetration may take 2 or 3 weeks. The mixed spray is white and any skips are noticeable so that complete coverage is easy to obtain.

**OTHER USE PRECAUTIONS:** Care must be taken that none of this material falls on flower beds or edges of lawns. Do not spray over roots of valuable trees, shrubs or grape vines. Never use a weed killer sprayer or equipment to apply insecticides or fungicides. Do not use same spray equipment to apply insecticides or fungicides. Do not use same spray equipment for other purposes. Avoid spray drift to vegetables, flowers, ornamentals or other desirable plants. Do not use fine mist sprays. Coarse sprays are less likely to drift away from target area.

#### **STORAGE AND DISPOSAL**

**STORAGE:** Store in original container in a locked storage area inaccessible to children and pets. Do not store near food or feedstuffs. To prevent cross-contamination, do not store near fertilizers, insecticides, fungicides, or near seeds. **PRODUCT DISPOSAL:** Securely wrap original container with unused product in several layers of newspapers and discard in trash. **CONTAINER DISPOSAL:** Do not reuse empty can. Rinse thoroughly before discarding in trash.

**NOTICE:** Seller warrants that this product conforms to the ingredient statement on the label. Since conditions of use, such as weather compatibility with other chemicals, and condition of application

**BEST AVAILABLE COPY**

equipment will vary, Seller makes no claims other than those stated on this label.
