DC-5000

For pools showing no visible algae growth add one (1) gallon OPIE DC-5000 ALGAECIDE for each 50,000 gallons of water to prevent algae growth.

For pool showing algae growth add one (1) gallon OPIE DC-5000 ALGAECIDE for each 20,000 gallons of water to kill and control those algae species most commonly found in swimming pools. When existing growth is dead, clean pool, drain and refill if necessary, add one (1) gallon OPIE DC-5000 ALGAECIDE per 50,000 gallons of water.

If pool water is recirculated add one (1) gallon of OPIE DC-5000 ALGAECIDE per 50,000 gallons of water every five (5) to seven (7) days to maintain between two (2) and five (5) parts per million of active ingredients.

If pool water is not recirculated or not filtered it should be tested periodically to determine active ingredients content. When active ingredient falls below the two (2) to five (5) parts per million level, add one (1) gallon of OPIE DC-5000 ALGAECIDE per 50,000 gallons of water to maintain the controlling active ingredient level. Test kits may be obtained from LaMotte Chemical Products Co., Chestertown, Maryland, or from W. A. Taylor Co., 7300 York Road Baltimore, Maryland.

DC-5000
ALGAECIDE
 ACTIVE INGREDIENTS: n-Alkyl (50% C₁₄, 40% C₁₂, 10% C₁₆) dimethyl benzyl ammonium chloride 10.00%, Ethanol 2.50% Tetrasodium salt ethylenediaminetetraacetic acid .25% INERT INGREDIENTS: Water 87.25% Total: 100.00%

CAUTION KEEP OUT OF REACH OF CHILDREN
 See additional warnings on right panel.

DC-5000

The presence of algae in swimming pools causes greenness, odor, color and increased chlorine demand. The use of OPIE DC-5000 ALGAECIDE will keep pools in a clean condition.

OPIE DC-5000 ALGAECIDE is complete algae treatment chemical. By controlling algae growth with OPIE DC-5000 ALGAECIDE, the chlorine demand is significantly reduced.

CAUTION

Undiluted OPIE DC-5000 ALGAECIDE may cause skin irritation or damage to the eyes. Avoid contact with skin and eyes. Do not take internally. In contact with skin or eyes, flush immediately with water. For eyes, get immediate medical attention. Do not eat or drink of food.

OPIE DC-5000 ALGAECIDE is nontoxic to fish at recommended pool dilutions.

Rinse empty container thoroughly with water.
