DIRECTIONS FOR USE

To kill Flies, Mosquitoes, Gnats, Wasps and Bees:

Close doors and windows and thoroughly spray all parts of the room, particularly toward the ceiling, filling the room with a fine mist. Leave room closed for 10 to 15 minutes. Repeat treatment as often as necessary.

To Kill Roaches, Spiders, Centipedes and Crickets:

Spray liberally and with force into all cracks and crevices in woodwork behind pipes, and other places which these insects infest. If possible, spray directly on the insect. Repeat treatment whenever infestation occurs.
