**WOOD PRESERVATION  
 DIRECTIONS FOR USE**

**MISUSE STATEMENT**

It is a violation of federal law to use this product in a manner inconsistent with this labeling.  
 This product may be used on any kind of wood as long as it has not been painted or treated with something that has closed the pores of the wood. This would prevent penetration.  
 Should be used and used when the temperature is above 32 F. When used on damp or partly seasoned wood or when quick penetration is desired, it should be heated not to exceed 125 F.

**ALWAYS SHAKE CONTAINER OR STIR CONTENTS THOROUGHLY.**

**PRE-TREATMENT:** Just brush off all loose dirt thoroughly and be sure the wood surfaces are completely dry.

**SIMPLE METHODS OF APPLYING**

**BRUSH OR MOP:** After lumber is trimmed and framed, apply liberally with a brush or mop. Saturate wood thoroughly in all sections, joints, and end grain. For wood where decay has already started, decay should be removed before application. After application allow as much time as possible for penetration of product. For wood that is already painted with a heavy, heavy-duty paint, a liberal application with a brush or mop is recommended.

**SPRAYING:** Apply liberally with a spray gun to all wood surfaces. Saturate thoroughly. For end grain, spray with a heavy-duty spray gun.

**DIPPING:** Dip wood into product until thoroughly saturated. Remove excess product with a brush or mop.

COVERAGE	BRUSH	SPRAY
100 sq. ft. per gallon	100 sq. ft. per gallon	100 sq. ft. per gallon

ANYWHERE WOOD NEEDS PRESERVING

**PRECAUTIONARY STATEMENTS  
HAZARDS TO HUMANS AND  
DOMESTIC ANIMALS**

**WARNING**

The skin of some people (not all) has a tendency to flush, especially if perspiration is rubbed from the face with hands spattered with Carbolineum. Splashing into eyes will cause a smarting effect. This is relieved by bathing affected parts in cold water and using vaseline. Use in the shade and, as a matter of precaution, apply with a long-handled brush wearing gloves and an ordinary painter's mask. Users may also grease their hands and faces with lard or vaseline. Avoid breathing vapor, fumes, or spray mist. Avoid contact with the skin; may cause irritation. Harmful if swallowed.

**ENVIRONMENTAL HAZARDS**

Do not contaminate water by cleaning of equipment or disposal of wastes. Product is toxic to fish and other aquatic life. Keep out of any body of water. Keep away from food stuffs.

**CONTAINER DISPOSAL**

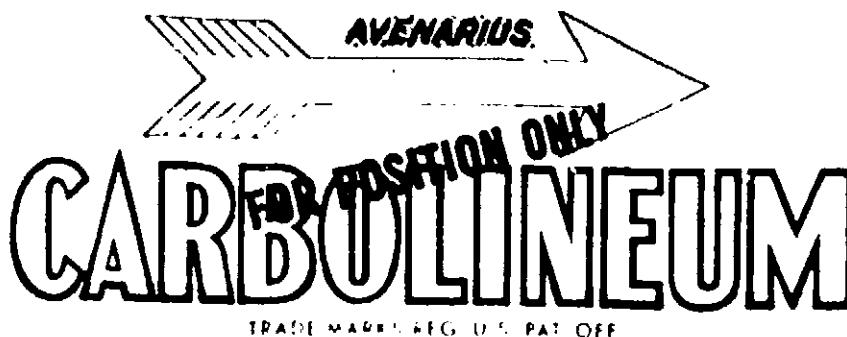

If possible, use equivalent. Then offer for recycling or other reuse. If not possible, dispose of as instructed on label by other approved state and local regulations.

**WARRANTY**

Subject to proper handling and use, this product is warranted to be free from defects in material and workmanship under normal conditions of use. This warranty does not cover damage caused by misuse, abuse, or neglect. The user is advised to read the instructions on the label for the proper use of this product. The manufacturer is not responsible for damage caused by the use of this product in any other manner.

**NOTICE**

Buyers should be advised that this product is not intended for use on human skin.

**DIRECTIONS FOR APPLICATION ON OTHER SIDE**

Apply to wood surfaces with a brush or spray nozzle. Allow to dry for 24 hours before use. For best results, apply to clean, dry wood. For more information, contact the manufacturer.

**WARNING:** KEEP OUT OF REACH OF CHILDREN. See label for additional precautionary statements.
