**PRECAUTIONARY STATEMENTS****HAZARD TO HUMANS and DOMESTIC ANIMALS  
DANGER!**

**CORROSIVE. CAUSES EYE AND SKIN DAMAGE. IRRITATING TO NOSE AND THROAT. HARMFUL OR FATAL IF SWALLOWED.**  
Do not get in eyes, on skin or on clothing. Wear goggles or face shield and rubber gloves when handling. Avoid breathing dust or fumes. Wash thoroughly with soap and water after handling. Remove and wash contaminated clothing before reuse.

**ENVIRONMENTAL HAZARD**

This pesticide is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or public waters unless this product is specifically identified and addressed in an NPDES permit. Do not discharge effluent containing this product into sewer systems without previously notifying the sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

**PHYSICAL or CHEMICAL HAZARD**

**STRONG OXIDIZING AGENT.** Contact with wet or slowly flowing, irritating and hazardous chlorine containing gases. Decomposes at temperature above 400° F with liberation of harmful gases. When ignited, will burn with the evolution of chlorine and acrolein fumes.  
**NEVER** add water to product. Always add product to large quantities of water. Use clean, dry vessels. **DO NOT** add this product to any dispersing device containing remnants of any other material. Such use may cause a violent reaction leading to fire or explosion. Contamination with metals, organic oils, or other chemicals may start a chemical reaction with generation of heat, liberation of hazardous gases, and possible fire and explosion.

**IN CASE OF FIRE OR SMOKE:**

Call the fire department. Do not attempt to extinguish the fire with wet or a wet material breathing apparatus (SCBA). Do not let the fire burn. Place with explosive contents of water. **DO NOT** use AEC or other dry chemical extinguishers since there is the potential for a violent reaction.

**IN CASE OF CONTAMINATION OR DECOMPOSITION: DO NOT** reuse container. Neutralize material to a non-hazardous state for safe disposal.

**DIRECTIONS for USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**FOR INDUSTRIAL USE ONLY. THIS PRODUCT IS INTENDED FOR REPAIRING OR FORMULATING AS A DISINFECTANT, SANITIZER, BACTERICIDE, FUNGICIDE OR ALGICIDE FOR INDOOR AND AMBIENT NON-FOOD GENERAL USE PATTERNS ONLY.**

Repackagers or formulators must obtain their own EPA Registration Number to legally market this product for these uses.

**STORAGE and DISPOSAL**

Do not contaminate water, food or feed by storage or disposal.

**STORAGE:** Keep material dry and in a dry area. Store in original container where temperatures do not exceed 120° F (50° C) for 24 hours. Retile polyethylene liner after each use and keep vent clear. Tightly closed.

**PESTICIDE DISPOSAL:** Pesticide wastes are toxic. Proper disposal of excess pesticide, spray mixture, or sludge in a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the EPA Regional Office for guidance. Do not put product, spilled product, or filled or partially filled containers into the trash or waste container. Contact with incompatible materials could cause a reaction and fire. **DO NOT** transport wet or damp material. Neutralize material to a non-hazardous state for safe disposal.

**CONTAINER DISPOSAL:**

**RETURNABLE METAL CONTAINER:** Vacuum empty container then return for reuse. If container is not reusable, vacuum or triple rinse. Then offer for recycling or reconditioning, by burning, or disposal in a sanitary landfill, or by other procedures approved by state and local authorities.

**PLASTIC BULK BAG:** Completely empty bag into another container. Then dispose of empty bag in a sanitary landfill or by incineration, or if allowed by state and local authorities, by burning. **Do not reuse or refill.**

**FIBER DRUM:** Completely empty drum by rinsing and filling with water to loosen clinging particles. Empty residue into application equipment. Then dispose of drum in a sanitary landfill or by incineration as allowed by state and local authorities. If drum is unreturnable and cannot be reused, dispose of it in the same manner.

**PLASTIC PAIL:** Triple-rinse (or equivalent). Then offer for recycling or reconditioning, or purchase and dispose of in a sanitary landfill, or by incineration, or if allowed by state and local authorities, by burning. **Do not reuse or refill.**

**OxyChem.****AEC.****60****Granular****CHLORINATING COMPOSITION**

CAS No: 2893-78-9

ACTIVE INGREDIENT:

Sodium dichloro-s-triazinates.....96%

INERT INGREDIENTS.....4%  
100%

Provides 62% available Chlorine

NOTICE: Container contains absorbent packets. Remove packets before using contents. Discard packets with refuse.

**KEEP OUT OF REACH OF CHILDREN****DANGER!****STATEMENT of PRACTICAL TREATMENT (FIRST AID)**

**IF SWALLOWED,** drink large amounts of water. **DO NOT** induce vomiting. Avoid alcohol. Call a physician or poison center of center immediately.

**FOR EYES:** OBJECTS TO FLUSH MATERIAL OUT IMMEDIATELY THEN SEEK MEDICAL ATTENTION. IMMEDIATELY flush eyes with large amounts of water for at least 15 minutes freely holding lids apart to ensure complete irrigation of all eye and lid tissue. Washing eye within one (1) minute is essential to achieve maximum effectiveness. **SEEK MEDICAL ATTENTION IMMEDIATELY.**

**FOR SKIN:** Immediately brush off excess chemical and flush with plenty of water. Remove contaminated clothing. Wash clothing before reuse. **SEEK MEDICAL ATTENTION if irritation persists.**

**IF INHALED:** Remove to fresh air. If breathing is difficult, have trained person administer oxygen. If respiration stops, give mouth-to-mouth resuscitation. **SEEK MEDICAL ATTENTION.**

**NOTE TO PHYSICIAN:** Probable mucosal damage may contraindicate the use of gastric lavage.
