Subject: Clippercide® Spray
EPA Registration Number: 954-10
Application Date: March 9, 2010
Receipt Date: March 11, 2010

Dear Ms. Anastasiou:

The following amendment, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide, (FIFRA), as amended, is acceptable with conditions.

Proposed Amendment:

Adding claims against *Staphylococcus aureus* (MRSA) and Influenza A virus

Conditions

Revise the label as follows:

- 1.) According to 40 CFR 156.10 (i)(2), every pesticide product label must have the heading, "Directions for Use," and it must be capitalized in bold type. Therefore, delete the heading, "Application Instructions" and replace it with the heading, "**Directions for Use.**"
- 2.) Revise the subheading, "General Use Directions," to read "**Disinfection Directions.**"
- 3.) Revise the "Personal Protection" statement under the "HIV-1" directions by deleting the term, or, and replace it with the term, "*and,*" because the personal protection items are not optional items to be worn when cleaning and/or disinfecting blood and body fluids.
