Subject: Notification per PRN 98-10 – Modify Storage and Disposal Statement  
Product Name: Barbicide RTU  
EPA Registration Number: 954-14  
Received Date: January 29, 2021  
Action Case Number/Decision Number: 00216526

Dear Georgia Anastasiou:

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 for the above referenced product. The Antimicrobials Division (AD) has conducted a review of this request for its applicability under PRN 98-10 and finds that the action requested falls within the scope of PRN 98-10.

The label submitted with the application has been stamped “Notification” and will be placed in our records.

Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) lists examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA’s Office of Enforcement and Assurance.

If you have any questions, you may contact Joe Daniels via email at [daniels.joseph@epa.gov](mailto:daniels.joseph@epa.gov).

Sincerely,

A handwritten signature in black ink, appearing to read "Eric Miederhoff".

## HAZARDS TO HUMANS AND DOMESTIC ANIMALS

WARNING. Causes substantial but temporary eye injury and skin irritation. Harmful if swallowed, absorbed through the skin, or inhaled. Do not get in eyes, on skin, or on clothing. Do not breathe spray mist. Wear protective eyewear such as goggles or face shield. Wear coveralls over long-sleeved shirt and long pants, socks, chemical-resistant footwear, and chemical-resistant gloves. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove contaminated clothing and wash clothing before reuse.

### STORAGE AND DISPOSAL

[Do not store on side.] [Avoid creasing or impacting of side walls.] Non-refillable container. Do not reuse or refill this container. Offer for recycling, if available or wrap container and put in trash.

*-or-*

#### ***Bag-on-Valve Packaging Option***

Do Not Puncture or Incinerate! **If empty:** Place in trash or offer for recycling, if available. **If partly filled:** Call your local solid waste agency for disposal instructions.

### PESTICIDE DISPOSAL

Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinse water is a violation of Federal Law. Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

### DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. BARBICIDE RTU is for use in hospitals, health care facilities, tanning facilities and in beauty salons, barbershops, and hairstyling establishments. SURFACES: On inanimate, non-food contact, hard non-porous surfaces such as floors, sink tops, tables, acrylic tanning beds, telephones, toilet seats, and door handles. Preclean all surfaces by scrubbing or wiping surface. Apply product to pre-cleaned surfaces with a cloth, mop, sponge, or coarse mist pump or trigger sprayer so as to wet all surfaces thoroughly. Allow to remain wet for 10 minutes and then let air-dry. BEAUTY/BARBER INSTRUMENTS AND TOOLS: Thoroughly clean brushes, combs, clipper blades, shears, razors, and other inanimate hard surfaced non-porous tools and implements prior to complete immersion for 10 minutes (or more as required by local authorities) in a solution. Rinse to remove BARBICIDE RTU after immersion and dry before use. PERFORMANCE: When tested with full immersion for 10 minutes in a solution prepared as above, BARBICIDE RTU has been found to be effective against: *Pseudomonas aeruginosa*, *Salmonella Enterica*, *Staphylococcus aureus* (and Human Coronavirus).
