18 / 3

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

Based on your response to the Reregistration Standard Guidance Package, EPA has reregistered the product listed above. Enclosed is a copy of your label stamped "Accepted." This registration is granted under the authority of FIFRA section 3(g).

1. This application has been approved based on the provisions of PR Notice 85-3 pertaining to data compensation. A final rule on data compensation is effective as of April 20, 1985, and future applications must be submitted under these new procedures.

2. Make the labeling changes listed below before you release the

a. A Statement of Practical Treatment must be added to the labeling. We suggest the following statement; however, if your toxicological data suggest otherwise, please submit a draft Statement of Practical Treatment for prior approval:

If Swallowed - Call a physician or Poison Control Center immediately. Drink one or two glasses of water and induce vomiting by sticking the back of throat with a finger. Do not induce vomiting or give anything by mouth to an unconscious or convulsing person.

- If Inhaled** - Remove victim to fresh air. Apply artificial respiration if indicated.
- If On Skin** - Remove contaminated clothing and wash affected areas with soap and water.
- If In Eyes** - Flush eyes with plenty of water. Call a physician if irritation persists.

b. Revise the "Note to Physician" to read:

If symptoms of cholinesterase inhibition are present, atropine sulfate is antidotal. 2-Pam is also antidotal and may be administered in conjunction with atropine.

(Note that the above revisions were brought to your attention in our March 30, 1983 letter.)

c. Change "Zipcide Dispensing Bag is patented, etc." to "Balcom Zipcide Cattle Dust Bag is patented, etc."

d. Reinstate the Use Restrictions as follows:

For external insecticidal use only on specified animals above. Do not contaminate feed, water troughs, or water utensils. Provide thorough ventilation when dusting. Do not use on sick, stressed, or convalescing animals.

3. Submit five (5) copies of your final printed labeling before you release the product for shipment.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product bearing the amended labeling constitutes acceptance of these conditions.
