UNDER THE FEDERAL INSECTICIDE,
FUNGICIDE AND RODENTICIDE ACT
FOR ECONOMIC POISON REGISTER
EPA REG. NO. 960-196

CLEAN CROP

IBP-2A GRAIN PRESERVATIVE

WARNING! CAUSES IRRITATION

KEEP OUT OF REACH OF CHILDREN

Do Not Get In Eyes, On Skin Or Clothing.
Keep Container Closed.

Use Adequate Ventilation.

Wash Thoroughly After Handling.

Spillage Should Be Neutralized With Sodium
Carbonate, Sodium Bicarbonate, Chalk Or
Agricultural Lime. Or Washed Away With
Plenty of Water.

Do Not Contaminate Water By Cleaning Of
Equipment Or Disposal of Wastes.

FIRST AID: In case of contact, immediately flush
eyes or skin with plenty of water for at least 15 min-
utes while removing clothing and shoes. Call a Physi-
cian. Wash clothing before reuse.

NOTICE

Do not reuse empty drum. Return to Drum recon-
ditioner or destroy by perforating or crushing and
burying in a safe place away from water supplies.

NOTICE

Balcom Chemicals, Inc. warrants that this material conforms
to the chemical description on the label and is reasonably fit
for the purposes referred to in the directions for use. This
product is sold subject to the understanding that the buyer
assumes all risks of use or handling which may result in loss
or damage which are beyond the control of the seller, such as
for example incompatibility with other products, the manner
of its use or application, or the presence of other products
or materials in or on the soil or crop. Balcom Chemicals, Inc.
makes no other express or implied warranty of fitness or
merchantability. The exclusive remedy of the user or buyer,
and the limit of the liability of Balcom Chemicals, inc. or any
other seller, for any and all losses, injuries or damages result-
ing from the use or handling of this product shall be the purchase
price paid by the user or buyer of the quantity of this pro-
duct involved. The buyer and all users are deemed to have
accepted the terms of this notice, which may not be varied
by any verbal or written agreement.

A fungicidal mixture of organic acids for treating
certain small grains as a preservative for storage.

ACTIVE INGREDIENTS

Isobutyric Acid 28.2%
Propionic Acid 18.8%

INERT INGREDIENTS 53.0%
100.0%

WARNING! CAUSES IRRITATION.

KEEP OUT OF REACH OF CHILDREN.

See side panels for Additional Precautions.

NET CONTENTS _____ gals. _____ lbs.

DIRECTIONS FOR USE

BIN PREPARATION

As with other blends of acids, CLEAN CROP IBP-2A
Grain Preservative is corrosive. Bins should be protec-
ted by lining with non-toxic plastic sheeting before
filling.

APPLICATION

CLEAN CROP IBP-2A Grain Preservative is suggested
for application as directed below immediately after
harvest to prevent fungal growth in these stored grains:

Fluid oz. per 100 lbs. of grain with the
following respective percent moisture contents.

Grain	Corn	Sorghum	Wheat &Oats	Barley
16%	-----	12.3	14.7	12.2
18%	9.1	14.7	17.2	15.6
20%	13.1	17.0	19.7	18.9
22%	17.2	19.4	22.2	22.3
24%	21.2	21.6	24.7	25.6
26%	25.3	23.9	27.2	29.0
28%	29.4	26.2	29.7	32.3
30%	33.4	-----	-----	-----
32%	37.5	-----	-----	-----
34%	41.5	-----	-----	-----
36%	45.6	-----	-----	-----

NOTE:

Fl. oz. product/100 lbs. grain x 1.28 = lbs. product per
ton grain.

Apply undiluted, by use of low pressure spray noz-
zles achieving uniform coverage, as grain passes through
applicator. Stop grain flow immediately in event of
spray failure or nozzle plugging. Concentrations of
untreated grain may develop fungal growth which
spreads and may spoil all grain in the bin. ONLY
GRAIN WHICH IS TO BE USED AS ANIMAL FEED
SHOULD BE TREATED since application will reduce
grains to Sample Grade and reduce germination. In-
creasing the suggested rate of application in the Table
by 25% for the top 10% of the grain placed in each
storage bin will provide additional protection against
the effect of normal moisture migration in the grain
during storage.
