CLEAN CROP is the Reg. T.M. of Balcom Chemicals, Inc.

DIRECTIONS FOR USE

POTATO SEED PIECE TREATMENT – To control Brown Eye, Damping-Off, Seed Rot, Verticillium Wilt: Use 1 to 2 pounds of this product per bushel of seed. Dust seed pieces before planting, but pieces should be treated within 6 hours of cutting. If planting is delayed more than 1 or 2 days, treated pieces should be stored 2 days in open crates before bagging.

DO NOT USE TREATED SEED FOR FEED OR FOOD.

NOTICE

Balcom Chemicals, Inc. warrants that this material conforms to the chemical description on the label and is reasonably fit for the purpose referred to in the directions for use. This product is sold subject to the understanding that the buyer assumes all risks of use or handling which may result in loss or damage which are beyond the control of the seller, such as for example incompatibility with other products, the manner of its use or application, or the presence of other products or materials in or on the soil or crop. Balcom Chemicals, Inc. makes no other express or implied warranty of the fitness or merchantability. The exclusive remedy of the user or buyer, and the limit of liability of Balcom Chemicals, Inc. or any other seller, for any and all losses, injuries or damages resulting from the use or handling of the product shall be the purchase price paid by the user or buyer of the quantity of this product involved. The buyer and all users are deemed to have accepted the terms of this notice, which may not be varied by any verbal or written agreement.
