LAWN WEED KILLER

FOR A WEED FREE LAWN

CONTAINS SILVEX AND 2,4-D  
LAWN WEED KILLER

Net Weight: 8 Pounds

## LAWN WEED KILLER

### FOR A WEED FREE LAWN

Kills broadleaf weeds such as Chickweed, Clover, Dandelion, Buckhorn, Plantain, Cinquefoil, Ground-Ivy, Henbit, Black Medic, Knotweed, Poison Ivy, and Thistle.

### APPLY WHEN WEEDS ARE IN ACTIVE GROWTH

Set your spreader, fill and apply. No mixing. Cover entire lawn or spot treat where weeds exist.

### SAFE FOR ESTABLISHED LAWNS

Will not harm most lawn grasses. Some grasses may brown slightly but will recover quickly, especially if watered well when browning is noticed. Bentgrass, St. Augustine grass, and Dichondra may be injured.

### SPREADER SETTINGS

|             |   |         |    |
|-------------|---|---------|----|
| Lawn Beauty | 5 | Jackson | 6½ |
| MTD         | 0 | Sears   | 6½ |
| Scott       | 6 | Cyclone | 4  |

NOTE: Above spreader settings are approximate. Check your spreader on 100 sq. ft. and adjust to apply only ¼ lb. per 100 sq. ft. Rate of walk, moisture and spreader condition can vary the spreader setting necessary to apply the correct amount.

### DIRECTIONS

Lawn Weed Killer is a mixture of 2,4-D and Silvex for application to active growing broadleaf weeds. Better results are obtained if applied when ground moisture is adequate. During dry weather water lawn thoroughly 24 hours prior to application. For persistent weeds or if a heavy rain within 2 days after application, a second application may be necessary.

### FOR ESTABLISHED LAWNS

With a calibrated spreader, apply evenly at rate of 2½ lbs. per 1000 sq. ft. Do not apply to creeping grass such as Bent Grass. Do not mow, water or make heavy use of lawn for at least 24 hours after spreading.

### FOR NEW LAWNS

Do not apply to newly seeded lawn until after 2nd or 3rd mowing.

### CAUTION

Avoid inhaling dust. Avoid contact with skin, eyes or clothing.

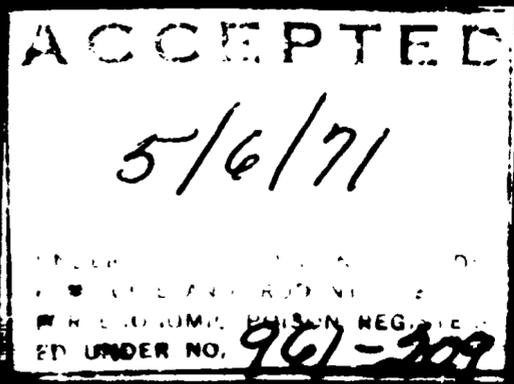

Do not apply directly or otherwise permit through drift to contact vegetables, flowers, fruit trees, ornamentals, or other desirable plants. Vapors from this product may injure susceptible plants in the immediate vicinity.

Do not store near fertilizers, seeds, insecticides or fungicides.

This product is toxic to fish. Keep out of lakes, streams or ponds. Do not contaminate water by cleaning of equipment, or disposal of wastes.

Do not reuse empty container. Destroy it by burying with waste or burning. Stay away from smoke or fumes.
