**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

C A U T I O N

Do not allow people (other than Applicator) or pets on treatment area during application. Do not enter treatment areas until sprays have dried or dusts have settled.

When using this product, wear a long-sleeved shirt, long pants, socks and shoes. After using this product, remove clothing and launder separately before reuse, and promptly and thoroughly wash hands and exposed skin with soap and water.

ENVIRONMENTAL HAZARDS

This product is toxic to aquatic invertebrates. Drift or runoff may adversely affect aquatic invertebrates and nontarget plants. Do not apply directly to water or wetlands (swamps, bogs, marshes and potholes). Do not contaminate water when disposing of equipment washwaters.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

SIMPLIFIES LAWN CARE

This product is an effective granular fertilizer which grows rich green areas and kills weeds at the same time.

Ends weed digging or spraying. Flows freely right from the bag without mixing or other preparation.

MAKES LAWN CARE ENJOYABLE

This product destroys Dandelion, Plantain, Goldenrod, Ragweed, Thistles, Wild Mustard, Wild Morning Glory, Mallow, Docks, Shepherd's Purse and other broadleaf weeds without harm to permanent grasses.

SPREADER SETTINGS

Lawn Beauty	5	Jackson	6 1/2
Salem	7	Sears	6 1/2
Scott	5		

DIRECTIONS

This product is a mixture of 2,4-D and fertilizer for application to active growing broadleaf weeds. Better results are obtained if applied when ground moisture is adequate. During dry weather, water lawn thoroughly 24 hours prior to application. For persistent weeds, or if a heavy rain within 2 days after application, a second application may be necessary. The maximum number of broadcast applications per treatment site is two per year.

Sweep all fertilizer materials from concrete surfaces immediately after application. Do not wash materials from concrete surfaces because some fertilizers may contain iron which may cause discoloration upon oxidization.

FOR ESTABLISHED LAWNS

With a calibrated spreader, apply evenly at a rate of 4 lbs. per 1,000 sq. ft. Do not apply to creeping grass such as Bentgrass. Do not mow, water or make heavy use of lawn for at least 24 hours after spreading.

FOR NEW LAWNS

Do not apply to newly-seeded lawn until after 2nd or 3rd mowing.

STORAGE AND DISPOSAL

STORAGE: Keep in original container in a cool, dry area, away from extreme heat and direct sunlight. Do not store near food, feed, seeds or other pesticides.

PESTICIDE DISPOSAL: Securely wrap original container in several layers of newspaper and discard in trash.

CONTAINER DISPOSAL: Do not reuse bag. Discard bag in trash.

WARRANTY

The Manufacturer warrants that this product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use, but neither this warranty nor any other warranty of merchantability or fitness for a particular purpose, expressed or implied, extends to the use of this product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to Seller, and Buyer assumes the risk of any such use.
