LEBANON DANDELION KILLER

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

C A U T I O N

Do not allow people (other than Applicator) or pets on treatment area during application. Do not enter treatment areas until sprays have dried or dusts have settled.

When using this product, wear a long-sleeved shirt, long pants, socks and shoes. After using this product, remove clothing and launder separately before reuse, and promptly and thoroughly wash hands and exposed skin with soap and water.

E N V I R O N M E N T A L H A Z A R D S

This product is toxic to aquatic invertebrates. Drift or runoff may adversely affect aquatic invertebrates and nontarget plants. Do not apply directly to water or wetlands (swamps, bogs, marshes and potholes). Do not contaminate water when disposing of equipment washwaters.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

SPREADER SETTINGS

Modern	5	Scott	5
Queen Turf	5	Sears	5
Lawn Beauty	4	Jackson	5
Central	3		

NOTE: Above spreader settings are approximate. Check your spreader on 100 sq. ft., and adjust to apply 3 oz. per 100 sq. ft. Rate of walk, moisture and spreader conditions can vary the spreader settings necessary to apply the correct amount.

DIRECTIONS

Apply at the rate of 2 lbs. per 1,000 sq. ft. The maximum number of broadcast application per treatment site is two per year.

4 2 4

This product is ideal for killing active growing broadleaf weeds. Apply in early spring to rid your lawn of perennial and biennial weeds that sprouted in fall. To maintain the beauty of your lawn, this product can be applied anytime weeds are visual. Results are best if ground moisture is adequate. During dry weather, water lawn thoroughly 24 hours prior to application. Do not use on newly-seeded lawns.

For persistent weeds, or if a heavy rain within 2 days after application, a second application may be necessary. Mowing, watering or heavy traffic within 24 hours after application will reduce the effectiveness.

Clover, bentgrass and some other grasses may be injured by this product.

Sweep all fertilizer materials from concrete surfaces immediately after application. Do not wash materials from concrete surfaces because some fertilizers may contain iron which may cause discoloration upon oxidization.

STORAGE AND DISPOSAL

STORAGE: Keep in original container in a cool, dry area, away from extreme heat and direct sunlight. Do not store near food, feed, seeds or other pesticides.

PESTICIDE DISPOSAL: Securely wrap original container in several layers of newspaper and discard in trash.

CONTAINER DISPOSAL: Do not reuse bag. Discard in trash.

WARRANTY

The Manufacturer warrants that this product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use, but neither this warranty nor any other warranty of merchantability or fitness for a particular purpose, expressed or implied, extends to the use of this product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to Seller, and Buyer assumes the risk of any such use.
