FOR A LUXURIOUS, WEED FREE LAWN

The 10-6-4 fertilizer stimulates grass growth to quickly conceal spots where weeds have died. Grows rich green grass and kills weeds at the same time.

EFFECTIVE BROADLEAF WEED CONTROL

Dandelion, plantain, buckhorn, chicory, henbit, knotweed, morning glory, creeping jenny, Shepherd's purse, wild carrot, yarrow and annual chickweed.

SPREADER SETTINGS

LAWN BEAUTY	4½	JACKSON	6
MODERN	6	SEARS	6
CYCLONE	4.6	SCOTT	5

NOTE: Above spreader settings are approximate. Check your spreader on 100 sq. ft. and adjust to apply only 1 lb. per 100 sq. ft. Rate of walk, moisture and spreader condition can vary the spreader setting necessary to apply the correct amount.

When applying with a spinner type spreader, use extreme caution not to apply too close to desirable plants.

DIRECTIONS

GREENSKEEPER 10-6-4 WITH WEED KILLER can be applied anytime weeds are in active growth. Summer applications may require watering area with one inch of water 24 hours before application to assure adequate soil moisture for effective weed control. An additional inch of water 48 hours after application stimulates growth of grass.

Apply 10 lbs. per 1000 sq. ft. (435 lbs. per acre) on established lawns or turf. New lawns should not be treated until after second cutting.

CAUTION

Avoid inhaling dust. Avoid contact with skin, eyes or clothing. Vapors from this product may injure susceptible plants in the immediate vicinity. Bentgrass, St. Augustine grass, Dichondra, Carpetgrass, or clover may be injured. Avoid drift to susceptible plants as this product may injure flowers, ornamentals and vegetables. Thoroughly clean spreader. Do not store near fertilizer, seeds, insecticides and fungicides. Do not reuse container. Destroy when empty.
