LEBANON
TURF FUNGICIDE

Contains Daconil 2787^(R) fungicide, an effective broad spectrum fungicide for the control of many turf diseases, including the following:

Helminthosporium Leaf Spot, Melting Out, Curvularia (Curvularia spp.), Copper Spot (Gloeocerospora sorghi), Dollar Spot (Sclerotinia homeocarpa), Brown Patch (Rhizoctonia solani), Gray Leaf Spot (Piricularia grisea), and Stem Rust of bluegrass.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS (5)

~~POISONOUS~~ Harmful if swallowed. Skin sensitizer. Avoid contact with skin, eyes or clothing. Wash thoroughly after using. Do not graze treated areas or feed clippings to livestock.

(6) FIRST AID: NOTE TO PHYSICIAN: Persons having an allergic reaction respond to treatment with antihistamines or steroid creams and/or systemic steroids.

(1) ENVIRONMENTAL HAZARDS

This product is toxic to fish, aquatic invertebrates, and marine/estuarine organisms. Runoff from treated areas may be hazardous to aquatic organisms in neighboring areas. Do not apply directly to water. Do not apply when weather conditions favor drift from treated areas. Do not contaminate water by cleaning of equipment or disposal of wastes.

(, DIRECTIONS

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Apply this product only as specified on this label.

Apply when grass is damp, as after a rain or in the early morning. Following application, do not water or mow grass for a minimum of 24 hours. Use rate of 4 pounds per 1,000 sq. ft. for normal control, increase rate to 6 pounds per 1,000 sq. ft. for severely affected areas.

For control of Helminthosporium Leaf Spot, Melting Out, and Curvularia, apply in early Spring. Continue applications at 7 to 10 day intervals during wet season.

BEST AVAILABLE COPY

BACK-2

To control Copper Spot, Dollar Spot, Brown Patch, Gray Leaf Spot, and Stem Rust, apply in early Spring to early Summer, and continue applications at 7 to 14 day intervals into early Fall.

3

"Note to User: This product may produce temporary allergic side effects characterized by redness of the eyes, mild bronchial irritation and redness or rash on exposed skin areas. Persons having allergic reaction should contact a physician."

4

"Note to User: Wear long sleeve shirt, long pants, and gloves while mixing, loading and applying this product."

SPREADER SETTINGS

The Recommended Settings listed below are calculated to apply TURF FUNGICIDE at 4 lbs. per 1,000 sq. ft. for normal control. In addition, for severely affected areas apply 6 lbs. per 1,000 sq.ft. These settings are approximate. Check application rate of your spreader before applying. Settings may vary with age and condition of spreader.

Spreader	4 Lb. Setting	6 Lb. Setting	Spreader	4 Lb. Setting	6 Lb. Setting
Show N Tell	8	8½	Cyclone	4½	5
Jet Spread	4½	5	Scott	5½	6½
			Scott Rotary	K	M

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

STORAGE: Keep in original container in a cool, dry area, away from extreme heat and direct sunlight. Do not store near food, feed, seeds or other chemicals.

PESTICIDE DISPOSAL: Securely wrap original container in several layers of newspaper and discard in trash.

CONTAINER DISPOSAL: Do not reuse bag. Discard bag in trash.

2

"Pesticide wastes are toxic. Improper disposal of excess pesticide, pesticide spray or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance."

WARRANTY

Lebanon Chemical Corporation makes no warranty, expressed or implied, concerning the use of this product other than indicated on the label. The buyer assumes
